Now in its fourth edition this textbook confronts many of the major problems which can arise in claims situations. It employs a systematic approach and is supported by extensive reference to UK and international case law. The negotiation and settlement of claims is an essential but often overlooked element of the construction industry and this troubleshooting guide can help construction professionals, students and contractors to protect themselves against costly claims. Helpful explanatory diagrams make this book an indispensable resource for tackling various types of claims both in the UK and internationally. This text is the essential guide for construction professionals, contractors, undergraduate and postgraduate students alike. It will save professionals and contractors time and money and will prepare students for the reality of the construction industry. New to this Edition Chapter 1 revised to limit historical material and allow space for comment on the development of construction law particularly in the field of extensions of time and time at large. Includes expanded and clarified sections forming new individual chapters on claims for time and claims for money. Updated with the results of recent landmark rulings in cases such as *Walter Lilly Company Limited v Giles Patrick Cyril Mackay* another and *Osbrascon Huarte Lain SA v Her Majesty's Attorney General for Gibraltar*

Building Contract Claims Powell, Vincent Powell-Smith, John Sims, 1983

Powell-Smith & Sims' Building Contract Claims David Chappell, 1998-01-13

Few building contracts of any size reach completion without a range of often substantial claims being made. But many claims are ill founded often because the basic principles are misunderstood. This highly regarded book examines the legal basis of claims for additional payment and what can and cannot be allowed by the consultants under the main forms of building contract. It also includes chapters on the preparation and negotiation of claims and the quantity surveyor's role. This third edition covers all the main JCT contracts including the latest amendments and uses JCT 80 as the basis to highlight important differences in the other forms. It also covers the subcontract forms NSC C, NAM C and DOM 1 together with the ACA Form and its subcontract and GC Works 1

Edition 3 The subjects of liquidated damages global claims causation and concurrency have been given greater importance for this edition recent legislation has been incorporated and the number of case references has almost doubled This third edition will continue to be essential reading for all architects and quantity surveyors It will also prove invaluable to contractors by showing them how to present and justify valid claims
