**Contractor's Guide to the Building Code** Jack M. Hageman, 2008 Don't let your jobs be held up by failing code inspections. Smooth sign off by the inspector is the goal but to make this ideal happen on your job site you need to understand the requirements of latest editions of the International Building Code and the International Residential Code. Understanding what the codes require can be a real challenge. This new completely revised Contractor's Guide to the Building Code cuts through the legalese of the code books. It explains the important requirements for residential and light commercial structures in plain simple English so you can get it right the first time.

**The Art of Natural Building-Second Edition-Completely Revised, Expanded and Updated** Joseph F. Kennedy, Michael G. Smith, Catherine Wanek, 2014-07-01 The original complete user friendly introduction to natural building now fully revised and updated. The popularity of natural building has grown by leaps and bounds spurred by a grassroots desire for housing that is healthy, affordable and environmentally responsible. While there are many books available on specific methods such as straw bale construction, cob or timber framing, there are few resources which introduce the reader to the entire scope of this burgeoning field. Fully revised and updated, The Art of Natural Building is the complete and user friendly introduction to natural building for everyone from the do it yourselfer to architects and designers. This collection of articles from over fifty leaders in the field is now stunningly illustrated with over two hundred full color photographs of natural buildings from around the world. Learn about the case for building with natural materials from the perspectives of sustainability, lifestyle and health. What you need to know to plan and design your own beautiful and efficient natural home. Explanations of thirty versatile materials and techniques with resources on where to go for further information on each. How these techniques are being used to address housing crises around the world. Clearly written, logically organized and beautifully illustrated. The Art of Natural Building is the encyclopedia of natural building. Joseph F. Kennedy is a designer, builder, writer, artist, educator and co-founder of Builders Without Borders. Michael G. Smith is a respected workshop instructor, consultant and co-author of the best selling book The Hand Sculpted House. Catherine Wanek is a co-founder of Builders Without Borders and author/photographer of The Hybrid House and The New Straw Bale Home.
