Baroque Music Style And Performance A Handbook

Jo Nardolillo

Baroque Music Style And Performance A Handbook:

Baroque Music Robert Donington, 1982 The fruit of a lifetime's research into baroque performing practice Baroque Music: Style and Performance , *Baroque Music* Robert Donington, 1982 Companion to Baroque Music Julie Anne Sadie, 1998 Baroque music not long ago considered the province of the specialist now occupies a central place in the interests of any music lover Not just Bach and Handel but Vivaldi and Monteverdi Couperin and Rameau Purcell and Schütz are familiar and loved figures There is place now for a survey that offers fresh perspectives on these men and the times in which they lived That is what the Companion to Baroque Music is designed to offer to all those who are attracted by the music of that crucial century and a half 1600-1750 which we call the Baroque era Julie Anne Sadie herself scholar performer and critic brings to this survey two novel features First it is underpinned by a keen awareness of music as sound intended to be played heard and relished by the listener as witness the group of articles contributed by well known specialists such as Nigel Rogers and David Fuller on the central issues of performance Secondly it is concerned not only with what the music is like but why it is as it is and the series of essays again by specialists such as Michael Talbot on Italy and Peter Holman on England which places each region's music in its social and cultural contexts helps to explain its character The lexicographical part of the book in which the life of every significant musician of the era is charted and his or her work outlined is subdivided geographically so as to convey with particular sharpness the special character of music making in each part of Europe and a system of cross references defines the ebb and flow of influences as composers travelled from city to city or court to court disseminating their tastes their styles their ideas A detailed chronology enables the reader to take in at a glance the sequence of musical events across the entire period The Companion to Baroque Music which contains a foreword by Christopher Hogwood offers both reliable reference material and lively enlightening reading to all those amateur and professional from the skilled practical musician to the person who has never played anything more demanding than a piece of stereo equipment who love the music of the era that culminated in the great masterworks of Bach and Handel **Style and Performance for Bowed String Instruments in French Baroque Music** Mary Cyr, 2016-04-01 Mary Cyr addresses the needs of researchers performers and informed listeners who wish to apply knowledge about historically informed performance to specific pieces Special emphasis is placed upon the period 1680 to 1760 when the viol violin and violoncello grew to prominence as solo instruments in France Part I deals with the historical background to the debate between the French and Italian styles and the features that defined French style Part II summarizes the present state of research on bowed string instruments violin viola cello contrebasse pardessus de viole and viol in France including such topics as the size and distribution of parts in ensembles and the role of the contrebasse Part III addresses issues and conventions of interpretation such as articulation tempo and character inequality ornamentation the basse continue pitch temperament and special effects such as tremolo and harmonics Part IV introduces four composer profiles that examine performance issues in

the music of Lisabeth Jacquet de La Guerre Marin Marais Jean Baptiste Barri re and the Forquerays father and son The diversity of compositional styles among this group of composers and the virtuosity they incorporated in their music generate a broad field for discussing issues of performance practice and offer opportunities to explore controversial themes within the context of specific pieces

Performing Baroque Music Mary Cyr, 2017-07-05 Listeners performers students and teachers will find here the analytical tools they need to understand and interpret musical evidence from the baroque era Scores for eleven works many reproduced in facsimile to illustrate the conventions of 17th and 18th century notation are included for close study Readers will find new material on continuo playing as well as extensive treatment of singing and French music The book is also a concise guide to reference materials in the field of baroque performance practice with extensive annotated bibliographies of modern and baroque sources that guide the reader toward further study First published by Ashgate at that time known as Scolar Press in 1992 and having been out of print for some years this title is now available as a print on demand title

O Carolan King of the Blind Chad McAnally, 2020-01-18 O Carolan King of the Blind Cearbhall in R na nDall The Songs and Music of Turlough O Carolan by Chad McAnally A collection of new settings of 33 pieces and 5 songs of Ireland s legendary blind harper 1670 1738 The music was edited from early sources and arranged in the style of his age for the Irish harp for other melody instruments and three pieces scored for small ensemble Includes five songs with his original lyrics in the Irish language with English translations of the song texts Also includes an introduction to the composer s life and work a discussion of the basis of the harp arrangements a useful guide to notation to the old Irish playing techniques and notes on the historical background of the pieces

All Things Strings Jo Nardolillo, 2014-03-14 String players face a bewildering array of terms related to their instruments Because string playing is a living art form passed directly from master to student the words used to convey complex concepts such as bow techniques and fingering systems have developed into an extensive vocabulary that can be complicated vague and even contradictory Many of these terms are derived from French Italian or German yet few appear in any standard music dictionary Moreover the gulf separating classical playing from fiddle bluegrass jazz and other genres has generated style specific terms rarely codified into any reference work All Things Strings An Illustrated Dictionary bridges this gap serving as the only comprehensive resource for the terminology used by the modern string family of instruments All of the terms pertaining to violin viola cello and double bass inclusive of all genres and playing styles are defined explained and illustrated in a single text Entries include techniques from shifting to fingerboard mapping to thumb position the entire gamut of bowstrokes terms found in orchestral parts instrument structure and repair accessories and equipment ornaments including those used in jazz and bluegrass explanations of various bow holds conventions of orchestral playing and types of strings as well as information on a select number of famous luthiers influential pedagogues and legendary performers All Thing Strings is expertly illustrated with original drawings by T M Larsen and musical examples from the standard literature Appendixes include an extensive bibliography of recommended

reading for string players and a detailed chart of bowstrokes showing notation and explaining execution As the single best source for understanding string instruments and referencing all necessary terminology All Things Strings is an essential tool for performers private teachers college professors and students at all levels It is also an invaluable addition to the libraries of orchestra directors and composers wishing to better understand the complexities of string playing With the inclusion of terms relevant to all four modern string instruments played in all genres from jazz to bluegrass to historically informed performance this resource serves the needs of every string musician *From Madrigal to Modern Music* Douglas Moore,1942 Examines five great periods the Renaissance Baroque Classic Romantic and Modern and discusses every important type of composition from each era Historical Dictionary of Choral Music Melvin P. Unger,2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature Historical Dictionary of Choral Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music

Fuel your quest for knowledge with is thought-provoking masterpiece, **Baroque Music Style And Performance A Handbook** .
