Barrio Libre Criminalizing States And Delinquent Refusals Of The New Frontier:

Barrio Libre Gilberto Rosas, 2012-06-19 In this book Gilberto Rosas draws on his in depth ethnographic research among the members of Barrio Libre to understand why they have embraced criminality and how neoliberalism and security policies on both sides of the border have affected the youths descent into Barrio Libre

Banished Men Abigail Leslie Andrews, 2024-07-26 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more What becomes of men the U S locks up and kicks out From 2009 to 2020 the U S deported more than five million people over 90 percent of them men In *Banished Men* Abigail Andrews and her students tell 186 of their stories How they ask does expulsion shape men s lives and sense of themselves The book uncovers a harrowing carceral system that weaves together policing prison detention removal and border militarization to undermine migrants as men Guards and gangs beat them down till they feel like cockroaches pigs or dogs Many lose ties with family They do not go home Instead they end up in limbo stripped of their very humanity Against the odds they fight for new ways to belong At once devastating and humane *Banished Men* offers a clear eyed critique of the violence of deportation

The Gang Paradox Robert J. Durán, 2018-09-04 The areas along the U S Mexico border are commonly portrayed as a hot spot for gang activity drug trafficking and violence Yet when Robert J Dur n conducted almost a decade s worth of ethnographic research in border towns between El Paso Texas and southern New Mexico a region notorious for gang activity according to federal officials he found significantly less gang membership and activity than common fearmongering claims would have us believe Instead he witnessed how the gang label was used to criminalize youth of Mexican descent to justify the overrepresentation of Latinos in the justice system the implementation of punitive practices in the school system and the request for additional resources by law enforcement In *The Gang Paradox* Dur n analyzes the impact of deportation incarceration and racialized perceptions of criminality on Latino families and youth along the border He draws on ethnography archival research official data sources and interviews with practitioners and community members to present a compelling portrait of Latino residents struggles amid deep structural disadvantages Dur n himself a former gang member offers keen insights into youth experience with schools juvenile probation and law enforcement *The Gang Paradox* is a powerful community study that sheds new light on intertwined criminalization and racialization with policy relevance toward issues of gangs juvenile delinquency and the lack of resources in border regions

Viva George! Elaine A. Peña, 2020-11-03 2021 Jim Parish Award for Documentation and Publication of Local and Regional History Webb County Heritage Foundation For 120 years residents of the cross border community of Laredo Nuevo Laredo have celebrated George Washington s birthday together and this account reveals the essential political work of a time honored civic tradition Since 1898 residents of Laredo Texas and Nuevo Laredo Tamaulipas have reached across the US Mexico border to celebrate George Washington s birthday The celebration can last a whole month with parade goers reveling in American and Mexican

symbols George Washington saluting and Pocahontas riding on horseback An international bridge ceremony the heart and soul of the festivities features children from both sides of the border marching toward each other to link the cities with an embrace Viva George offers an ethnography and a history of this celebration which emerges as both symbol and substance of cross border community life Anthropologist and Laredo native Elaine A Pe a shows how generations of border officials civil society organizers and everyday people have used the bridge ritual to protect shared economic and security interests as well as negotiate tensions amid natural disasters drug war violence and immigration debates Drawing on previously unknown sources and extensive fieldwork Pe a finds that border enactments like Washington s birthday are more than goodwill gestures From the Rio Grande to the 38th Parallel they do the meaningful political work that partisan polemics cannot

Cartographies of Youth Resistance Maurice Rafael Magaña, 2020-11-17 In his exciting new book based on a decade of ethnographic fieldwork Maurice Maga a considers how urban and migrant youth in Oaxaca embrace subcultures from hip hop to punk and adopt creative organizing practices to create meaningful channels of participation in local social and political life In the process young people remake urban space and construct new identities in ways that directly challenge elite visions of their city and essentialist notions of what it means to be indigenous in the contemporary era *Cartographies of Youth Resistance* is essential reading for students and scholars interested in youth politics and culture in Mexico social movements urban studies and migration

The Deportation Express Ethan Blue, 2021-10-19 A history of the United States systematic expulsion of undesirables and immigrants told through the lives of the passengers who travelled from around the world only to be locked up and forced out aboard America s first deportation trains The United States celebrated as a nation of immigrants and the land of the free has developed the most extensive system of imprisonment and deportation that the world has ever known The Deportation Express is the first history of American deportation trains a network of prison railroad cars repurposed by the Immigration Bureau to link jails hospitals asylums and workhouses across the country and allow forced removal with terrifying efficiency With this book historian Ethan Blue uncovers the origins of the deportation train and finds the roots of the current moment as immigrant restriction and mass deportation once again play critical and troubling roles in contemporary politics and legislation A century ago deportation trains made constant circuits around the nation gathering so called undesirable aliens migrants disdained for their poverty political radicalism criminal conviction or mental illness and conveyed them to ports for exile overseas Previous deportation procedures had been violent expensive and relatively ad hoc but the railroad industrialized the expulsion of the undesirable Trains provided a powerful technology to divide citizens from aliens and displace people in unprecedented numbers Drawing on the lives of migrants and the agents who expelled them The Deportation Express is history told from aboard a deportation train By following the lives of selected individuals caught within the deportation regime this book dramatically reveals how the forces of state exclusion accompanied epic immigration in early twentieth century America These are the stories of people who traveled from around

the globe only to be locked up and cast out deported through systems that bound the United States together and in turn pulled the world apart Their journey would be followed by millions more in the years to come *Undocumented Migration* Roberto G. Gonzales, Nando Sigona, Martha C. Franco, Anna Papoutsis, 2019-10-11 Undocumented migration is a global and yet elusive phenomenon Despite contemporary efforts to patrol national borders and mass deportation programs it remains firmly placed at the top of the political agenda in many countries where it receives hostile media coverage and generates fierce debate However as this much needed book makes clear unauthorized movement should not be confused or crudely assimilated with the social reality of growing numbers of large settled populations lacking full citizenship and experiencing precarious lives From the journeys migrants take to the lives they seek on arrival and beyond Undocumented Migration provides a comparative view of how this phenomenon plays out looking in particular at the United States and Europe Drawing on their extensive expertise the authors breathe life into the various issues and debates surrounding migration including the experiences and voices of migrants themselves to offer a critical analysis of a hidden and too often misrepresented population *Experimental Practice* Dimitris Papadopoulos, 2018-07-16 In *Experimental Practice* Dimitris Papadopoulos explores the potential for building new forms of political and social movements through the reconfiguration of the material conditions of existence Rather than targeting existing institutions in demands for social justice Papadopoulos calls for the creation of alternative ontologies of everyday life that would transform the meanings of politics and justice Inextricably linked to technoscience these alterontologies which Papadopoulos examines in a variety of contexts from AIDS activism and the financialization of life to hacker communities and neuroscience form the basis of ways of life that would embrace the more than social interdependence of the human and nonhuman worlds Speaking to a matrix of concerns about politics and justice social movements matter and ontology everyday practice technoscience the production of knowledge and the human and nonhuman Papadopoulos suggests that the development of alterontologies would create more efficacious political and social organizing *Governing Immigration Through Crime* Julie A. Dowling, Jonathan Xavier Inda, 2013-03-27 In the United States immigration is generally seen as a law and order issue Amidst increasing anti immigrant sentiment unauthorized migrants have been cast as lawbreakers *Governing Immigration Through Crime* offers a comprehensive and accessible introduction to the use of crime and punishment to manage undocumented immigrants Presenting key readings and cutting edge scholarship this volume examines a range of contemporary criminalizing practices restrictive immigration laws enhanced border policing workplace audits detention and deportation and increased policing of immigration at the state and local level Of equal importance the readings highlight how migrants have managed to actively resist these punitive practices In bringing together critical theorists of immigration to understand how the current political landscape propagates the view of the illegal alien as a threat to social order this text encourages students and general readers alike to think seriously about the place of undocumented immigrants in American society *Accountability Across Borders* Xóchitl

Bada, Shannon Gleeson, 2019-06-17 Collecting the diverse perspectives of scholars labor organizers and human rights advocates Accountability across Borders is the first edited collection that connects studies of immigrant integration in host countries to accounts of transnational migrant advocacy efforts including case studies from the United States Canada and Mexico Covering the role of federal state and local governments in both countries of origin and destinations as well as nongovernmental organizations NGOs these essays range from reflections on labor solidarity among members of the United Food and Commercial Workers in Toronto to explorations of indigenous students from the Maya diaspora living in San Francisco Case studies in Mexico also discuss the enforcement of the citizenship rights of Mexican American children and the struggle to affirm the human rights of Central American migrants in transit As policies regarding immigration citizenship and enforcement are reaching a flashpoint in North America this volume provides key insights into the new dynamics of migrant civil society as well as the scope and limitations of directives from governmental agencies
