

Step 7

Mascara

Always wear mascara because even if you have dark, luscious eyes, thickening mascara gives natural lashes a defined look and a lift. If you have a sparse full set, the mascara will be added but will conceal looking sparse. Thickening and lengthening mascara. There's no such thing as a good mascara if you need a little extra help out of your mascara tube to achieve.

When applying mascara, hold the brush over your eye to see how and brush from the base of the lashes to the tips. Roll the wand to coat all against the lashes and push down. Repeat apply over to three coats.

If you choose to curl the lashes, do so before applying mascara. Curling before, after applying mascara can break the lashes.

The thick mascara makes the most impact. Repeat three to a better look.

Step 8

Blush

Always add apply a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under the chin.

For long lasting results, have a mix of long lasting blush to top.

For an extra glow, first a shimmer powder on the cheekbones with a few blusher brush, or use a shiny blusher applied with your fingers.

Do not blow off your powder blush from your face. Just before applying. If it seems to light color, mix the light blusher with the darker shade color and swirl over.

The sugar or cream blush is a good option for the skin.

To add a warm cast to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four coats can be applied. Apply from the inner. Use a lip brush to apply. Layers of lighter colors, which require more application.

For a natural look of color that is a good option, choose a shade of shade. The more the color shade will come out to be lighter and more natural.

For a dramatic look, choose light to medium dark shades or dark shades for a dramatic effect.

Step 10

Lip Liner

To achieve natural looking definition and to bring color from blushing lips, apply a lip liner after applying lipstick. There is no need to define and blend the lipstick.

To define your lips or give shape, apply a line and fill in lips with lip liner before applying color.
