Authority Stealing Anti Corruption War And Democratic Politics In Post Military Nigeria African World:

Authority Stealing Wale Adebani, 2012 The post Cold War world has produced a global consensus on the devastation caused by corruption in society However in spite of the growing awareness of the danger that corruption constitutes to democracy and development and the growing number of anti corruption agencies in Africa in the last decade there is yet no elaborate scholarly focus on these agencies most of which were created in the wake of the recent expansion of multi party democracy in Africa As a corrective to this Authority Stealing chronicles the story of Nuhu Ribadu arguably Africa s most courageous and most successful anti corruption Czar and former head of Nigeria s Economic and Financial Crimes Commission EFCC The book places the anti graft exploits of Ribadu in post military Nigeria on a larger canvass of the crisis of nationhood in a country in which public office is regarded as an eatery This revealing and riveting narrative of one of Africa s biggest cesspools of graft explains how the systemic or structural crisis which reproduces a thieving ruling class in a typical postcolonial state has pushed a country with an abundance of human and material resources to the bottom of the global human development index This crisis has also led to the phenomenon of the advance fee fraud otherwise known globally as Nigerian 419 or Nigerian Scam While focusing on the era of democracy in Nigeria the book uses biographical structural and historical perspectives covering fifty years of Nigeria s existence illuminating the paradoxes of anti corruption campaign in Africa This book which is based on ethnographic and archival materials supplemented with interviews with key dramatis personae will appeal to a variety of audiences and disciplines including Africanists anthropologists political scientists sociologists historians economists policy makers international development experts criminologists and investigators of international crime syndicates global anti graft agencies and activists and lay readers interested in the issue of corruption around the world This book is part of the African World Series edited by Toyin Falola Jacob and Frances Sanger Mossiker Chair in the Humanities University of Texas at Austin The reader will find him or herself cringing at the extent of debauchery that has enveloped Africa s most populous state Adebani s writing appears most fluent and concise when he tackles head on the corrosive nature of political decadence and corruption and the multifaceted vision employed by Nuhu Ribadu and his contemporaries at the EFCC to rid the nation of this cancer A salient document depicting an important crusader for justice Professor Chinua Achebe author of Things Fall Apart and David and Marianna Fisher University Professor Brown University An excellent richly detailed source for readers with little knowledge of but great interest in the micro underpinnings of the more visible macro phenomenon of prebendal politics in Nigeria over the last decade drawn primarily upon local media reporting and interviews with principals African Studies Review Will the cesspools of corruption in Nigeria be forever drained and will this great nation discover a path to democratic prosperity That is the question which confronts us on almost every page of Adebani s searing expos Richard Joseph John Evans Professor of International History and Politics Northwestern University Authority Stealing documents how discovering documenting publicizing and gesturing

at eradicating corruption have constituted the most common methods with which regimes have been compromised and regime changes have been justified in Nigeria since independence When Adebani concludes that corruption seems to have become a key instrument of state policy in Nigeria he cannot be faulted This book provides the evidence to theorize corruption discourse as the main instrument with which Nigerian rulers invent legitimacy induce consent from the governed nurture public goodwill and sustain continuation Governance in Nigeria thrives on corruption Adeleke Adeeko Humanities Distinguished Professor The Ohio State University Readers will be rewarded with a thorough education in the personalities practices and political culture that allow billions of dollars of Nigerian state revenues to disappear every year Foreign Affairs Wale Adebani has written an important and illuminating account of Nigeria s anti corruption war during Nuhu Ribadu s courageous leadership of the Economic and Financial Crimes Commission EFCC Adebani is good at navigating the thickets of conflicting information that emanated from each high profile corruption case Journal of Modern African Studies **Elites and the Politics of Accountability in Africa** Wale Adebani,Rogers Orock,2021-05-24 Studying elites through the framework of accountability **The Foreign Policy and Intervention Behavior of Africa's Middle Powers** Olumuyiwa Babatunde Amao,2023-12-21 Based on a meta theoretical approach and insights derived from analytic eclecticism as a comparative instrument Olumuyiwa Babatunde Amao assesses Nigeria and South Africa s foreign policy and intervention behavior in Africa with a special focus on the conflict episodes in Sierra Leone 1991 1998 and the Democratic Republic of Congo DRC 1997 2005 The Foreign Policy and Intervention Behavior of Africa s Middle Powers An Analytic Eclecticism Approach explores the relative merits of structural realism and social constructivism in explaining Nigeria and South Africa s motives and intervention behavior and why more than one theoretical perspective is required to sufficiently analyze the complexity of their intervention decisions and behavior It demonstrates the overlapping nexus between conflict intervention structural constraints relative power pursuit and the dynamics of regional complexes Amao demonstrates how Nigeria and South Africa s relative power positions identities as African actors de colonization and anti apartheid struggles and the existing values and bonds that their contiguous states share play a crucial role in their intervention behavior Using Sierra Leone and the DRC as case studies this book illustrates the advantage of applying a multi perspective eclectic approach to foreign policy analysis and provides an alternative to the theoretical turf wars that are all too prevalent in the discipline of international relations **Christian Citizens and the Moral Regeneration of the African State** Barbara Bompani,Caroline Valois,2017-10-23 In recent years the rapid growth of Christian charismatic movements throughout sub Saharan Africa has drastically reconfigured the region s religious landscape As a result charismatic factions play an increasingly public role throughout Africa far beyond the religious sphere This book uses a multi disciplinary approach to consider the complex relationship between Pentecostal charismatic Christianity and the socio political transformation taking place throughout this region Each of this text s three main sections helps in understanding how discourses of moral

regeneration emanating from these diverse Christian communities largely charismatic extend beyond religious bounds Part 1 covers politics political elites and elections Part 2 explores society economies and the public sphere and Part 3 discusses values public beliefs and morality These sections also highlight how these discourses contribute to the transformation of three specific social milieus to reinforce visions of the Christian citizen Examining contemporary examples with high quality scholarly insight this book is vital reading for academics and students with an interest in the relationship between religion politics and development in Africa
