whether they are superb or struggling is vital for the profession for the millions of children who will learn more as a result. Schools have to take greater responsibility for staff's continuing professional development (CPD) but there is little real help for the people who develop teachers. The best teachers will be expected to mentor trainee and newly qualified teachers (NQTs) and share good practice with all colleagues. Drawing directly on real life experience and the latest research, this book will help people in a mentoring, coaching, advisory or management role to develop teachers through understanding adult learning and the CPD cycle, to meet needs from the range of professional development activities, to carry out observations and give oral and written feedback in a range of situations, to help and monitor planning and other parts of the job, to help teachers develop their careers. Using examples from current practice, Sara will take you through every stage of CPD from what professional development is to how you can support and monitor staff in your own school. There are photocopiable materials for you to use. The guidance in this book will be essential for mentors, induction tutors, CPD staff, development coordinators, people with advanced skills or excellent teacher status and all those with a leadership and management role in schools or local authorities. Sara Bubb is the UK's leading induction expert and has vast expertise in the CPD field. She runs many courses for different levels of school staff, assesses trainee and advanced skills teachers and is the new teacher expert for the Times Educational Supplement. Sara has been seconded from the Institute of Education to the DfES as the consultant for the Chartered London Teacher initiative. She is the co-author with Peter Earley of *Leading and Managing Continuing Professional Development and Managing Teacher Workload*.
