Restoration of Aquatic Systems Robert J. Livingston,2005-07-11 Simplistic thinking would have us believe that by eliminating the loading of a given pollutant an aquatic system will revert to its previous pristine state This premise is without scientific verification Besides the fact that typically very little documentation exists defining what exactly that previous pristine state was it should be noted tha

Estuarine Indicators Stephen A. Bortone,2004-12-28 Acknowledging the present inability to determine objectively the status and trends among estuarine ecosystems the environmental research community has recently stepped up efforts to develop and evaluate meaningful estuarine indicators This goal requires the effort of researchers from a broad spectrum of disciplines In order to expedite this init
