Excerpt from Indianapolitans as We See Em Cartoons and Caricatures

From the broad galleries of the newspaper cartoonist's sketch book the following character sketches have been collated under the head of Indianapolitans As We See em And We see em with a penetrating yet a friendly eye picturing the character as it appears to us And if no great beauty is depicted in his portrait let the subject console himself with the reflection that these are Indianapolitans not as their wives and sweet hearts see them Nor yet as they see themselves but as they appear to the Little Gods of the ink Pots sometimes miscalled Devils the Cartoonists and Caricaturists of the Daily Press

A History of Caricature & Grotesque in Literature and Art Thomas Wright, 1865 **The Annual American Catalog, 1900-1909**, 1906 **English Caricature and Satire on Napoleon I**

Vol.2 (of 2) (Illustrations) John Ashton, This book is not intended to be a History of Napoleon the First but simply to reproduce the bulk of the Caricatures and Satires published in England on our great enemy with as much of history as may help to elucidate them The majority of the caricatures are humorous others are silly or spiteful as will occasionally happen nowadays and some are too coarse for reproduction so that a careful selection has had to be made Gillray and Rowlandson generally signed their names to the work of their hands but wherever a caricature occurs unsigned by the artist I have attributed it on the authority of the late Edward Hawkins Esq some time Keeper of the Prints at the British Museum to whatever artist he has assigned it I have personally inspected every engraving herein described and the description is entirely my own Should there by chance be an occasional discrepancy as to a date it has been occasioned by the inconceivable contradictions which occur in different histories and newspapers To cite an instance in three different books are given three different dates of Napoleon leaving Elba and vi it was only by the knowledge that it occurred on a Sunday and by consulting an almanac for the year 1815 that I was able absolutely to determine it The frontispiece is taken from a very rare print and gives a novel view of Napoleon to us who are always accustomed to see him represented in military uniform That my readers may find some instruction mingled with the amusement I have provided for them is the earnest wish of

The Efflorescence of Caricature, 1759-1838 Todd Porterfield, 2017-07-05 Searing disputes over caricature have recently sparked flames across the world the culmination not the beginning of the story of one of modernity s definitive artistic practices Modern visual satire erupts during a period marked by reform and revolution by cohering nationalisms and

expanding empires and by the emerging discipline of art history This has long been recognized as its Golden Age It is time to look anew In *The Efflorescence of Caricature 1759-1838* an international interdisciplinary and intergenerational team of scholars reconfigures the geography of modern visual satire as the expansive narrative reaches from North America to Europe to China and the Ottoman Empire *Caricature*'s specific visual cultures are also laid bare its iconographic means and material support as well as the diverse milieu of its making the military the art academy diplomacy politics art criticism and popular entertainment Some of its greatest practitioners James Gillray and Honoré Daumier are seen in a new light alongside some of their far flung and opportunistic pastichers Most trenchant assumptions about the consequences of caricature's rise come under intense scrutiny interrogated for its cherished and long vaunted civilizational claims on individual character artistic supremacy political liberty and global domination
