Black Masculinity and the Cinema of Policing Jared Sexton, 2017-11-07

This book offers a critical survey of film and media representations of black masculinity in the early twenty first century United States between President George W Bush's 2001 announcement of the War on Terror and President Barack Obama's 2009 acceptance of the Nobel Peace Prize. It argues that images of black masculine authority have become increasingly important to the legitimization of contemporary policing and its leading role in the maintenance of an antiblack social order forged by racial slavery and segregation. It examines a constellation of film and television productions from Antoine Fuqua's *Training Day* to John Lee Hancock's *The Blind Side* to Barry Jenkins's *Moonlight* to illuminate the contradictory dynamics at work in attempts to reconcile the promotion of black male patriarchal empowerment and the preservation of gendered antiblackness within political and popular culture.

A Century of Segregation

Leland Ware, 2018-10-18 This book explains how race and class intersect in ways that uniquely disadvantage racial minorities. The narrative begins with the 1896 decision in *Plessy v. Ferguson*. The Supreme Court ruled that separate facilities for blacks were permissible under the Fourteenth Amendment if they were equal to those reserved for whites. One reaction was the establishment of the NAACP to lead the fight for Civil Rights. After more than two decades of lobbying and public education, a long range carefully orchestrated litigation campaign was launched. Segregation would be challenged with lawsuits insisting that black schools be made physically and otherwise equal to white schools. The lawyers calculated that the resulting burden and expense would ultimately cause segregation to collapse under its own weight. A series of successful equalization suits spanning over two decades laid the foundation for the direct challenge in *Brown v. Board of Education*. That 1954 decision inspired a large scale grass roots Civil Rights Movement. A decade of marches, boycotts and mass protests persuaded Congress to enact the Civil Rights laws of the 1960s. Today conditions for ethnic minorities are far better than they were a generation ago. However the story of the nation's black and brown communities is a tale of two cities: one prosperous, educated and affluent; another suffering from grinding poverty and a lack of opportunities for advancement. For those able to take advantage of the opportunities created by the Civil Rights revolution, the gains have been dramatic. For those left behind in impoverished communities, the obstacles to advancement are more daunting today than they were a generation ago.

Daybreak, Nightfall, Life J. Moffett

Walker, 2019-03-09 *Daybreak Nightfall Life* is a nonfiction inspirational narrative. It isn't just a narrative but an African American female's memoir. Walker lived in Mississippi in the 1940s, 1950s and 1960s. Moreover, she refused to wallow in her limitations. Rather, she used those limitations for motivation and hard work to accomplish her dreams and goals. Most professional opportunities were off limits to her. One job available was working in homes cooking, washing, cleaning and caring for the large landowner's children. The other option included hoeing and harvesting crops. Neither one of those careers appealed to Walker. Therefore, she completed high school, junior college and senior college. Free public transportation became available just before she began high school. Walker grabbed that opportunity. Elementary high school and college presented

challenges In elementary she did not complain about using the secondhand books from the white schools She realized she needed books to learn certain skills to succeed Walker accepted her school without running water or electricity as a place to assemble study and learn academic and social skills Daybreak Nightfall Life shows how Walker used her limitations and turned them into reasons to work harder Readers will see how Walker handled each limitation and difficulty faced If Walker made it in life after living with White Only signs all her childhood any person regardless of race can do it too It s attitude and willingness to work that count Just try Anyone can choose to complain and make excuses Not Walker She wanted to become an educator She wanted to become a school counselor She wanted to become an author God created each person uniquely That uniqueness is enough to motivate one to accomplish his or her dreams goals That uniqueness is enough to help one understand what to do to prosper and enjoy life James Farmer Jr. Ben Voth,2017-04-13 James Farmer Jr The Great Debater provides a rhetorical and biographical guide to how the American Civil Rights Movement came into being It details James Farmer Jr s intellectual emergence as a young debater at an HBCU in Marshall Texas and ultimately chronicles how this led to the emergence of the first non violent sit in against segregation in 1942 in Chicago Farmer was a key founder of the Congress of Racial Equality CORE that pioneered the non violent strategies that would later be used by Martin Luther King He debated important figures like Malcolm X to provide a powerful advocacy grounded in the praxis of argumentation Ben Voth demonstrates the ongoing relevance of Farmer s successful debate methodology in resolving contemporary race problems in the 21st century such as Black Lives Matter National Memories Henry L. Roediger III,James V. Wertsch,2022 This volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory Through an examination of conceptual claims and empirical evidence in the collective memory literature this book offers a multidisciplinary modern approach to studying these persistent challenges
