A Primer Of Visual Literacy Dondis:

A Primer of Visual Literacy Donis A Dondis, 1974-09-15 This primer is designed to teach students the interconnected arts of visual communication The subject is presented not as a foreign language but as a native one that the student knows but cannot yet read Responding to the need she so clearly perceives Ms Dondis a designer and teacher of broad experience has provided a beginning text for art and design students and a basic text for all other students those who do not intend to become artists or designers but who need to acquire the essential skills of understanding visual communication at a time when so much information is being studied and transmitted in non verbal modes especially through photography and film Understanding through seeing only seems to be an obviously intuitive process Actually developing the visual sense is something like learning a language with its own special alphabet lexicon and syntax People find it necessary to be verbally literate whether they are writers or not they should find it equally necessary to be visually literate artists or not This primer is designed to teach students the interconnected arts of visual communication The subject is presented not as a foreign language but as a native one that the student knows but cannot yet read The analogy provides a useful teaching method in part because it is not overworked or too rigorously applied This method of learning to see and read visual data has already been proved in practice in settings ranging from Harlem to suburbia Appropriately the book makes some of its most telling points through visual means Numerous illustrated examples are employed to clarify the basic elements of design teach an alphabet to show how they are used in simple syntactic combinations See Jane run and finally to present the meaningful synthesis of visual information that is a finished work of art the apprehension of poetry **Visual Information** Rune Pettersson, 1993 The Teaching of English James R.
