A Primer On Social Movements Contemporary Societies Series:

A Primer on Social Movements David A. Snow, Sarah Anne Soule, 2010 A brief affordable introduction to collective behavior and social movements *Beyond Tocqueville* Bob Edwards, Michael W. Foley, Mario Diani, 2001 An interdisciplinary collection of historical and comparative articles on civil society and the social capital debate **Social Change and Creative Activism in the 21st Century** S. Harrebye, 2016-05-11 This book is a large scale study of global creative activism It explores how activists facilitate the cultivation of societal alternatives Harrebye shows that social activism has got a creative new edge that is blurring the boundaries between artist and activist and pop prank and protest *A Primer on Environmental Sciences* Matthew N. O. Sadiku, Uwakwe C. Chukwu, Olaniyi D. Olaleye, 2022-02-09 In a modern society it is easy to forget that our society depends largely on the environmental processes that govern our world Environment refers to an aggregate of surroundings in which living beings such as humans animals and plants live and non living things exist It includes air water land living organisms and materials surrounding us The environment is an important part of our daily lives Environmental issues are now part of every career path and employment area Environmental science is an interdisciplinary field that applies principles from all the known technologies and sciences to study the environment and provide solutions to environmental problems It is the study of how the earth works and how we can deal with the environmental issues we face There is an ever demanding need for experts in this field because the environment is responsible for making our world beautiful and habitable For this reason environmental science is now being taught at high schools and higher institutions of learning Education on environmental science will empower the youths to take an active role in the world in which they live
