A Revolutionary Way of Thinking Charles T. Krebs, Jenny Brown, 2006 Dr Krebs tells his own story a tale of the struggle for survival rehabilitation and triumph after the fateful day he dove off Skull Rock at Wilson's Promontory He goes on to explore and explain how the human brain works

Necessity and Truthful Fictions Amihud Gilead, 2009 This book discovers areas and themes especially in philosophical psychology for novel observations and investigations the diversity of which is systematically unified within the frame of the author's original metaphysics panenmentalism The book demonstrates how by means of truthful fictions we may detect meaningful possibilities as well as their necessary relationships that otherwise could not be discovered

The Disease-Free Revolution Ron Garner, 2014-07-06 This is the only health book you will ever need It is a natural health library in one book It clearly explains why we lose our health how we can work to reverse disease conditions and how we can live a vibrant life free of disease The author writes from his own experience of regaining his health after finally giving up on many years of pharmaceutical remedies when he turned to researching natural health solutions The Disease Free Revolution gives an easy to understand explanation of how the human body is designed to operate what causes it to malfunction and what it needs to be able to create health From almost 20 years of research and citing many doctors and scientific studies the author shows how the present conventional medical pharmaceutical and agribusiness industries are at the base of our present day escalating disease problems You will come to understand that money not your health is what these industries are mostly about This is a one of a kind book that speaks boldly to educate people about the facts and empower them to take personal responsibility for their own health care

The Story of B Daniel Quinn, 2010-01-13 From the author of the critically acclaimed award winning bestseller *Ishmael* and its sequel *My Ishmael* comes a powerful novel with one of the most profound spiritual testaments of our time A compelling humantale that will unglue stun shock and rearrange everything you've learned and assume about Western civilization and our future Paul Hawken author of *The Ecology of Commerce* Father Jared Osborne has received an extraordinary assignment from his superiors Investigate an itinerant preacher stirring up deep trouble in central Europe His followers call him B but his enemies say he's something else the Antichrist However the man Osborne tracks across a landscape of bars cabarets and seedy meeting halls is no blasphemous monster though an earlier era would undoubtedly have rushed him to the burning stake For B claims to be enunciating a gospel written not on any stone or parchment but in our very genes opening up a spiritual direction for humanity that would have been unimaginable to any of the prophets or saviors of traditional religion Pressed by his superiors for a judgement Osborne is driven to penetrate B's inner circle where he soon finds himself an anguished collaborator in the dismantling of his own religious foundations More than a masterful novel of adventure and suspense *The Story of B* is a rich source of compelling ideas from an author who challenges us to rethink our most cherished beliefs Explore Daniel Quinn's spiritual *Ishmael* trilogy
