The pearls are white and lustrous, with some showing highlights and shadows that give them a three-dimensional appearance. A book about self-appreciation and self-care** Ольга Примаченко, 2023-04-11 Love yourself tender A book about self appreciation and self care is a new very honest opinion about self love This is a meditation book that calls for an inner conversation and helps you to hear your own voice among many others The author of the book Olga Primachenko a journalist ex editor in chief of LADY TUT BY and the author of the Gnezdo by blog talks to the reader about the important things about accepting one's feelings desires and body about setting priorities and boundaries about creating a nutritious space around oneself as well as environmentally friendly interaction with the world and people A 31 day practice of tenderness to himself is waiting for the reader at the end of the book The publishing layout of the book has been saved in PDF A4 format Clever Keto Dieting Lifestyle Kristy Jenkins, 2020-12-29 Clever Keto Dieting Lifestyle There was a time when everyone thought that fats were the enemy Back then we all focussed on the simple fact that fats contained more calories as well as some evidence suggesting that they might be linked to heart disease and other problems Indeed this is the premise that diet plans like Weight Watchers were founded on But over time fat has had an image change For starters it turned out that those studies linking fat with heart disease were unfounded What was more though it was also found that fat was better for keeping us feeling fuller for longer at least partly because it takes longer to be absorbed Suddenly everyone was raving about fat and it was carbs that had the bad reputation Carbs spike the blood with sugar resulting in an

insulin response Sugar causes inflammation Simple carbs tend to be low in nutrients and make you hungry The list goes on So are carbs really the enemy Try the Clever Keto Dieting Lifestyle The Problem With Going No Carb The answer to that question is well and truly no While it s true that we get a lot of glucose from carbs what s also true is that this is actually necessary If you live only on fats for fuel then you ll be on what s known as a ketogenic diet and this can leave you low on energy over time Likewise completely avoiding all fruits and vegetables most of these are carbs will almost certainly lead to nutrient deficiencies as well as a very low fiber intake Low Carb Not No Carb Not only is avoiding carbs a little soul crushing and somewhat difficult it s also still a surefire way to end up low on energy If you can reduce the number of chips you have with your next meal then great but don t feel too guilty over having some potatoes As is so often the case the reality is a little more complex than this one food group makes you fat Make sure you continue to eat a healthy and balanced diet and just apply a little common sense
