What Are They Saying About the Parables? Second Edition Gowler, David B., 2021 Much has changed in the more than two decades since the first edition of this book appeared Parable scholarship continues to be a dynamic area of New Testament research and a number of important studies were published and significant developments have occurred during those years Jesus's parables these simple but profound stories continue to challenge us and even after many readings continue to reveal new insights

Jesus and the Gospels (2nd Edition) Craig Blomberg, 2020-05-21 A clear and comprehensive introduction to the study of Jesus and the Gospels Craig Blomberg's award winning Jesus and the Gospels prepares readers for an intensive study of Matthew Mark Luke John and the events they narrate Blomberg considers the historical context of the Gospels and sheds light on the confusing interpretations brought forth over the last two centuries This updated edition incorporates new scholarship debate critical methods and the ongoing quest for the historical Jesus and ensures the work will remain a valuable tool for exploring the life of Christ through the first four books of the New Testament

Parables of Parenthood Andrew Taylor-Troutman, 2014-01-22 Jesus told simple stories about common items yet his parables profoundly address our hearts and minds We offer an interpretation not only about what we read but also what we think and feel Parables of Parenthood presents modern biblical scholarship in an accessible writing style in order to model how these ancient stories continue to enrich life in the twenty first century Andrew Taylor Troutman closely analyzes each parable with deep appreciation before applying these interpretations to his life because he believes the genius of the parables offers a glimpse of the kingdom of heaven in our everyday experience By interpreting from the author's head and heart Parables of Parenthood gives new luster to well known narrative gems about sowing seeds and lost sheep through personal insights about anxiety and hope Lessons about wise builders and wicked tenants are illustrated with anecdotes about a baby's food and a grandmother's rocking chair Through interpretations of other parables moments as diverse as a beach trip and an ultrasound appointment invite

movement from fear to faith Through the combination of his informed Bible study and practical life experience Taylor Troutman empowers readers to connect the teachings of Jesus to our world in comforting and challenging ways *Jesus and the Gospels, Third Edition* Craig L. Blomberg, 2022-11-15 In *Jesus and the Gospels* New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point Jesus of Nazareth Jesus the Storyteller Stephen I. Wright, 2015-11-17 While it is widely acknowledged that Jesus told stories there has not been much focus on why he did so and how these stories contributed to his ministry Stephen Wright approaches this topic afresh to analyze how considering the parables as stories can help our understanding of Jesus and his mission Wright begins by looking for insights in scholarship from recent decades on the parables and the historical Jesus He goes on to imagine how these stories would have resonated with hearers in each of the Synoptic Gospels and considers the dynamics between Jesus and his hearers in different locations like Galilee and Jerusalem Finally Wright considers the purpose of these parables as an element of Jesus ministry and looks at Jesus himself as a storyteller This book will provide a solid basis for understanding why Jesus spoke in parables and how this distinctive style of speech functioned in his ministry The Parables of Jesus the Galilean Ernest van Eck, 2016-08-09 Who do we meet in the stories Jesus told In *The Parables of Jesus the Galilean* Stories of a Social Prophet a selection of the parables of Jesus is read using a social scientific approach The interest of the author is not the parables in their literary contexts but rather the parables as Jesus told them in a first century Jewish Galilean sociopolitical religious and economic setting Therefore this volume is part of the material turn in parable research and offers a reading of the parables that pays special attention to Mediterranean anthropology by stressing key first century Mediterranean values Where applicable available papyri that may be relevant in understanding the parables of Jesus from a fresh perspective are used to assemble solid ancient comparanda for the practices and social realities that the parables presuppose The picture of Jesus that emerges from these readings is that of a social prophet The parables of Jesus as symbols of social transformation envisioned a transformed and alternative world This world for Jesus was the kingdom of God **Interpreting the Parables** Craig L. Blomberg, 2012-07-03 Craig Blomberg surveys the contemporary critical approaches to the parables including those that have emerged in the twenty years since the first edition This widely used text has taken a minority perspective and made it mainstream with Blomberg ably defending a limited allegorical approach and offering brief interpretations of all the major parables Understanding and Applying the Bible Robertson McQuilkin, 2009-06-24 Why do even the sincerest students of God's Word sometimes find it dry or confusing Too often Robertson McQuilkin suggest it's because they don't know how to read it In his classic introduction to Bible study McQuilkin shows everyday believers how to navigate the Bible's genres and plumb its thought structures with accuracy experiencing afresh living encounters with the inspired Word Newly revised and updated *Understanding and Applying the Bible* also examines the most common errors in Bible reading In the end McQuilkin maintains Scripture can be

understood by anyone simply by following a set of straightforward and time tested principles
