ICAEW ACA Advanced Corporate Reporting and Assurance Azhar ul Haque Sario, 2025-05-22

Hey there! If you're looking to get a solid grip on advanced corporate reporting and assurance, this book is your go-to resource. It's packed with everything you need to know, broken down into bite-sized pieces. It covers the foundations of financial performance measurement, dives into sustainability reporting, explores global standard setting and all the political and economic twists that come with it. You'll learn about emerging tech like AI and blockchain shaking up accounting, tackle complex financial instruments, explain group accounting, dig into taxation, and even look at audit quality and how data analytics is changing the game. The book is split into five parts, starting with reporting basics and moving all the way to the future of audit and assurance. Oh, and it doesn't stop there; it also covers hot topics like climate risks, ESG liabilities, and global tax reforms like OECD Pillar Two. Now, what makes this book special? It's not just another dry textbook; it's got a real edge. You'll find tons of practical case studies and examples that make tricky concepts click. It goes deep into current issues other books might skip, blending financial and sustainability reporting in a way that's super relevant today. It's got advanced stuff too, like how AI is transforming audits or how to handle forensic accounting to spot fraud. Whether you're prepping for the ACA exams or just want to stay sharp in your career, this book gives you the tools to stand out. It's designed to keep you ahead with insights into where the profession's heading, something you won't find in every accounting guide out there.
