Encounters with the Hidden Imam in Early and Pre-Modern Twelver Shī'ī Islam Omid

Ghaemmaghani, 2020-01-29 The history of Twelver Sh Islam is a history of attempts to deal with the abrupt loss of the Imam In Encounters with the Hidden Imam in Early and Pre Modern Twelver Sh Islam Omid Ghaemmaghani demonstrates that in the early years of what came to be known as the Greater Occultation Sh authorities maintained that all contact with the Imam had been sundered forcing him to remain incommunicado until his re appearance This position however proved untenable to maintain Almost a century after the start of the Greater Occultation prominent scholars began to concede the possibility that some Sh a can meet the Hidden Imam Accounts of encounters with the Imam from the Greater Occultation soon began to appear adumbrating their exponential growth in later centuries **The Silent Qur'an and the Speaking**

Qur'an Mohammad Ali Amir-Moezzi, 2015-12-08 Two major events occurred in the early centuries of Islam that determined its historical and spiritual development in the centuries that followed the formation of the sacred scriptures namely the Qur an and the Hadith and the chronic violence that surrounded the succession of the Prophet manifesting in repression revolution massacre and civil war This is the first book to evaluate the writing of Islam s major scriptural sources within the context of these bloody brutal conflicts Conducting a philological and historical study of little known though significant ancient texts Mohammad Ali Amir Moezzi rebuilds a Shi ite understanding of Islam s early history and the genesis of its holy scriptures At the same time he proposes a fresh interpretative framework and a new data set for theorizing the early history of Islam isolating the contradictions between Shi ite and Sunni sources and their contribution to the tensions that rile these

groups today The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition Aun Hasan Ali, 2023-06-15 Against the background of long standing narratives in which Twelver Shi'ism is viewed as fundamentally authoritarian The School of Hillah and the Formation of Twelver Shi'i Islamic Tradition builds upon recent scholarship in the fields of Religious Studies Anthropology and History to argue that Twelver Shi'ism is better understood as a discursive tradition At a conceptual level this solves the basic problem of how to integrate the extraordinary diversity of Twelver Shi'ism across time and space into a single historical category without engaging in a normative assessment of its underlying essence Furthermore in light of this conception of tradition the School of Hillah stands out as a seminal period in the archive of Twelver Shi'ism though it has seldom been recognized as such in European language scholarship Insofar as it gave birth to a conversation that would prove capable of encompassing the dynamism of Twelver Shi'ism the School of Hillah should be considered the formative period of Twelver Shi'i tradition Moreover when the tradition is conceptualized in this manner it is a bulwark against the very authoritarianism by which Twelver Shi'ism has been characterized for so long *Muslims, Scholars, Soldiers* Adam Gaiser, 2010-10-29 This book is a study of the origin and development of the Ibadi Imamate ideal into its medieval Arabian and North African articulations this study traces the distinctive features of the Ibadi imama to precedents among the early Kharijites Rashidun Caliphs and pre Islamic Arabs Qur'an Commentary and the Biblical Turn Samuel Ross, 2024-02-19 The Qur'an and the Bible have been called intertwined scriptures due to the Qur'an's frequent invocation of biblical narratives and figures But what is the history of Muslims exegetical engagement with the biblical text Through a comprehensive survey of more than 170 Qur'an commentaries Samuel Ross traces the longitudinal history of the Bible in tafsir Offering detailed case studies and rich in historical context Ross's narrative culminates in the remarkable late nineteenth and early twentieth century biblical turn Global in scope this development has not only generated new Muslim views of the Bible but even new interpretations of the Qur'an itself This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World **Life and Work of W. Montgomery Watt** Carole Hillenbrand, 2018-12-19 This commemorative volume discusses aspects of the life and work of the internationally famous scholar Professor W Montgomery Watt 1909-2006 His writings on Islam and on Muslim Christian relations gained him great prestige and respect not only in the West but also and perhaps more significantly right across the Muslim world The book includes contributions by Professor Carole Hillenbrand Professor Fred Donner Bishop Richard Holloway and the late Professor David Kerr as well as substantial excerpts from Professor Watt's unpublished writings copies of which he entrusted to Professor Hillenbrand Contemporary Approaches to the Qur'an and its Interpretation in Iran Ali Akbar, Abdullah Saeed, 2019-10-24 This book sets out how contemporary Iranian scholars have approached the Qur'an during recent decades It particularly aims to explore the contributions of scholars that have emerged in the post 1979 revolution era outlining their primary interpretive methods and foundational theories regarding the reading of the Qur'an Examining issues such as the status of women democracy

freedom of religion and human rights this book analyses the theoretical contributions of several Iranian scholars some of which are new to the English speaking academy The hermeneutical approaches of figures such Abdolkarim Soroush Muhammad Mojtahed Shabestari Mohsen Kadivar Hasan Yousefi Eshkevari Abolqasem Fanaie and Mostafa Malekian are presented and then analysed to demonstrate how a contextualist approach to the Qu ran has been formed in response to the influence of Western Orientalism The effect of this approach to the Qu ran is then shown to have wide ranging effects on Iranian society This study reveals Qu ranic thought that has been largely overlooked by the West It will therefore Be of great use to academics in Religious Islamic and Qur nic studies as well as those studying the culture of Iran and the Middle East more generally

The Making of Salafism Henri Lauzière, 2015-11-17 Some Islamic scholars hold that Salafism is an innovative and rationalist effort at Islamic reform that emerged in the late nineteenth century but gradually disappeared in the mid twentieth Others argue Salafism is an anti innovative and antirationalist movement of Islamic purism that dates back to the medieval period yet persists today Though they contradict each other both narratives are considered authoritative making it hard for outsiders to grasp the history of the ideology and its core beliefs Introducing a third empirically based genealogy The Making of Salafism understands the concept as a recent phenomenon projected back onto the past and it sees its purist evolution as a direct result of decolonization Henri Lauzi re builds his history on the transnational networks of Taqi al Din al Hilali 1894 1987 a Moroccan Salafi who with his associates participated in the development of Salafism as both a term and a movement Traveling from Rabat to Mecca from Calcutta to Berlin al Hilali interacted with high profile Salafi scholars and activists who eventually abandoned Islamic modernism in favor of a more purist approach to Islam Today Salafis tend to claim a monopoly on religious truth and freely confront other Muslims on theological and legal issues Lauzi re s pathbreaking history recognizes the social forces behind this purist turn uncovering the popular origins of what has become a global phenomenon
