A Prophet Like Moses Prophecy Law And Israelite Religion:

A Prophet Like Moses Jeffrey Stackert, 2014-07-01 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century culminating in Julius Wellhausen s influential Prolegomena to the History of Ancient Israel Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources His book shows that these texts contain a rich and longstanding debate over prophecy its relation to law and its place in Israelite religion With this argument A Prophet Like Moses demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion It also provides an opportunity for critical reflection on the history of the field of biblical studies Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even primarily as theological disciplines

A Prophet like Moses (Deut 18:15, 18): The Origin, History, and Influence of the Mosaic Prophetic Succession David DeJong, 2022-09-12 In this book DeJong explores Deuteronomy s redefinition of prophecy in Mosaic terms He traces the history of Deuteronomy s concept of the prophet like Moses from the seventh century BCE to the first century CE and demonstrates the ways in which Jewish and Christian texts were influenced by and responded to Deuteronomy s creation of a Mosaic norm for prophetic claims This wide ranging discussion illuminates the development of normative discourses in Judaism and Christianity and illustrates the far reaching impact of Deuteronomy s thought

Ancient Prophecy Near Eastern Biblical and Greek Perspectives is the first
 monograph length comparative study on prophetic divination in ancient Near Eastern biblical and Greek sources Prophecy is
 one of the ways humans have believed to become conversant with what is believed to be superhuman knowledge The
 prophetic process of communication involves the prophet her his audience and the deity from whom the message allegedly
 comes from Martti Nissinen introduces a wealth of ancient sources documenting the prophetic phenomenon around the
 ancient Eastern Mediterranean whether cuneiform tablets from Mesopotamia the Hebrew Bible Greek inscriptions or ancient
 historians Nissinen provides an up to date presentation of textual sources the number of which has increased substantially in
 recent times In addition the study includes four analytical comparative chapters The first demonstrates the altered state of
 consciousness to be one of the central characteristics of the prophets public behavior The second discusses the prophets
 affiliation with temples which are the typical venues of the prophetic performance The third delves into the relationship
 between prophets and kings which can be both critical and supportive The fourth shows gender inclusiveness to be one of the

peculiar features of the prophetic agency which could be executed by women men and genderless persons as well The ways prophetic divination manifests itself in ancient sources depend not only on the socio religious position of the prophets in a given society but also on the genre and purpose of the sources Nissinen contends that even though the view of the ancient prophetic landscape is restricted by the fragmentary and secondary nature of the sources it is possible to reconstruct essential features of prophetic divination at the socio religious roots of the Western civilization Biblical Sinai traditions Israel Knohl,2025-02-20 This book discusses the the beginning of writing and the Beginning of Biblical Literature Making the claim that the poetic descriptions of God s appearance from Sinai and the giving of commandments are older than the story in the Torah this book looks at the drama of the redesign of Sinai traditions and their transfer from the oral poetic expression to the creation of written story Taking place against the background of the intensification of literacy in the ancient Israeli society in the eighth century BC the book argues that the emergence of scriptural prophecy is the other side of the same coin This work is an important read for scholars of early Christianity **Abraham Among Golems** Andrei A. Orlov,2024-10-01 In this insightful book Andrei A Orlov examines the symbolism of the image of God found in early Jewish pseudepigraphical accounts paying special attention to the cultic traditions in the Apocalypse of Abraham The study demonstrates that the Jewish pseudepigrapha transform various biblical characters including Enoch Abraham Jacob Moses and Aseneth into eschatological embodiments of the imago Dei The book argues that these cultic metamorphoses preserve memories of ancient Near Eastern and Egyptian rituals involving the vivification of cultic statues The Apocalypse of Abraham and other early Jewish pseudepigraphical accounts attempt to polemically refashion the concept of cultic statues by envisioning their protagonists as divine representations in the form of the eschatological image of God **The Origins of Yahwism** Jürgen van Oorschot,Markus Witte,2017-06-26 This compendium examines the origins of the God Yahweh his place in the Syrian Palestinian and Northern Arabian pantheon during the bronze and iron ages and the beginnings of the cultic veneration of Yahweh Contributors analyze the epigraphic and archeological evidence apply fundamental considerations from the cultural and religious sciences and analyze the relevant Old Testament texts **Rewriting and Revision as Amendment in the Laws of Deuteronomy** Kevin Mattison,2019-01-14 Kevin Mattison argues that Deuteronomy was designed to amend the Covenant Code Exod 20 22 23 19 He proposes a model of amendment which draws on existing models of replacement and supplementation to provide a more complete explanation of Deuteronomy s rewriting of the Covenant Code back cover
