 Stanley E. Porter, 2024-01-25 The volume presents Stanley E Porter s considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter s work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is more fruitful work to be done in the field of hermeneutics using insights from linguistics *Was Earth Created Good?*
 Arthur John Wulf, 2025-06-24 Was Earth Created Good offers a reappraisal of Earth as presented in Genesis 1 1 2 4a from a Samoan gafataulima accomplish fulfill capable hermeneutical perspective The inspiration for the study arose out of a personal dilemma concerning author Arthur John Wulf s religious beliefs and the reality he is experiencing in the world today specifically the tensions between Earth s perfect portrait in Genesis 1 1 2 4a and the recurring natural disasters he suffers from in his Samoan local context Attention to his ecological situation gave rise to questions that challenge the repeated divine evaluation of Earth as good in Genesis 1 1 2 4a These questions identify the need for context specific hermeneutical frameworks that take into account local ecological situations in the interpretive process In this light Wulf proposes the Samoan cultural concept of gafataulima as an ecological hermeneutic to reevaluate the quality of Earth as presented in the Genesis 1 1 2 4a creation narrative using the Samoan version of narrative grammatical criticism which he refers to as a tala mamanu reading Discussions throughout seek to carefully balance the exploration of the text s historical significance within

the wider framework of Wulf's Christian faith Drawing on a rich array of biblical scholarship this study explores the significance of God's declaration that the created Earth was good in light of the ongoing challenges of natural disasters faced by the people of Samoa I believe Arthur J Wulf's book will be an important piece of scholarship from which biblical scholars will benefit greatly Dr Caroline Blyth The author's meticulous attention to cultural context and ecological relevance makes this work a pioneering contribution to theological scholarship and practical environmentalism Rev Dr Samasoni Moleli In this great work Arthur Wulf shows another example of a biblical interpretation that considers the reader's world now bringing a new dimension into reading the creation story in the Bible It is not the opportunity to impose his meaning on the text but to recognise that meaning making is shaped by the questions and issues he brings from his contemporary situation and takes back to that situation I recommend this excellent book to Bible readers who practise using their life experiences from their worlds as hermeneutics to explore the Bible Rev Prof Vaitusi Nofoaiga **Spirit of God** Jeffrey W. Barbeau, Beth Felker Jones, 2015-03-06 Jeffrey Barbeau and Beth Felker Jones edit thirteen essays on the topic of the Holy Spirit in biblical historical and theological perspective featuring important contributions on the current shape of global Pentecostalism Contributors include Allan Anderson Oliver Crisp Timothy George Kevin Vanhoozer Amos Yong and Geoffrey Wainwright

The Bible as Word of God Terence Fretheim, Karlfried Froehlich, 2001-12-26 How is the Bible authoritative in this postmodern age In this exchange from the 1995 Hein Fry Lectures Series Fretheim and Froehlich mount important though divergent analyses of the contemporary situation regarding Scripture and suggest varying strategies to meet it What does it mean to say that Scripture has authority for Christian faith and life in light of contemporary forms of biblical criticism How do we understand a biblical text to be the Word of God when the meaning of the text can vary depending on the perspective of the reader hearer Given the profound hermeneutical challenges of our time how does Scripture serve as a guide in worship doctrine preaching and ethical decision making for the people of God From the Foreword
