Biblical Interpretation and the Church D. A. Carson, 2002-12-03 All too often problems of biblical hermeneutics are too closely linked to technical biblical study rather than to the day by day issues confronting the church Here however eight international scholars from seven countries show how such studies can have vital relevance to today s immediate problems and needs The writers focus on the biblical doctrine of the church itself and how the church carries out its mission in various cultures Originally presented as lectures at Tyndale House in Cambridge England these essays have been revised in light of the discussion and criticism that followed They include careful biblical analyses of the nature of the church its opponents and of such modern concerns as social justice and liberation theology The result is a stimulating reassessment of the role that Scripture plays in bringing Christ to persons within their cultural contexts

The Message of Spiritual Warfare Keith Ferdinando, 2016-10-20 This valuable exposition of the theme of spiritual warfare is in four sections The first is concerned with the nature of Satan and his activity in the world God has made The second examines the different dimensions of Christ s victory over Satan The third considers ways in which Christ s victory over Satan impacts God s people The final section looks at various areas in which believers must fight sin and Satan Two concluding chapters examine the weapons with which God equips his people for their spiritual warfare

Special Revelation and Scripture David S. Dockery, Malcolm B. Yarnell, 2024-05-01 In their book *Special Revelation and Scripture* David Dockery and Malcolm Yarnell

explore the fundamental elements of divine revelation such as inspiration reliability and authority and how these elements influence and shape the Christian's understanding of theological doctrines ethical teachings and matters concerning worldview Commentary on the New Testament Use of the Old Testament G. K. Beale, D. A. Carson, 2007-11-01

Christianity Today 2008 Award of Merit Biblical Studies Readers of the New Testament often encounter quotes or allusions to Old Testament stories and prophecies that are unfamiliar or obscure In order to fully understand the teachings of Jesus and his followers it is important to understand the large body of Scripture that preceded and informed their thinking Leading evangelical scholars G K Beale and D A Carson have brought together a distinguished team to provide readers with a comprehensive commentary on Old Testament quotations allusions and echoes that appear from Matthew through Revelation College and seminary students pastors scholars and interested lay readers will want to add this unique commentary to their reference libraries **The Search for Order** W.J. Dumbrell, 2001-10-29 The Bible's eschatological framework is spread across the table for all to see in The Search for Order showing the unfolding of God's total plan for history not just the last days In a world disordered by sin Scripture describes God's goal as a reordering of corrupted creation according to William J Dumbrell The author takes into account current positions as he looks for the big eschatological picture with the same thorough approach to biblical theology he brought to The End of the Beginning and Covenant and Creation In the resulting thematic survey students are allowed to draw their own conclusions about the Bible's overall position on the climactic scenes of history Ultimately they learn to conceive of eschatology less as an expectant construction of future events than as a theological approach to comprehending what God is doing today Spirit Hermeneutics Keener, 2016 How do we hear the Spirit's voice in Scripture Once we have done responsible exegesis how may we expect the Spirit to apply the text to our lives and communities In Spirit Hermeneutics biblical scholar Craig Keener addresses these questions carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today Keener considers what Spirit guided interpretation means explores implications of an epistemology of Word and Spirit for biblical hermeneutics and shows how Scripture itself models an experiential appropriation of its message Bridging the Word Spirit gap between academic and experiential Christian approaches Spirit Hermeneutics narrates a way of reading the Bible that is faithful both to the Spirit inspired biblical text and the experience of the Spirit among believers from book flap **Missiology and the Social Sciences** Edward Rommen, Gary Corwin, 1996-09-15 Missiology and the Social Sciences Contributions Cautions and Conclusions Missiology draws from several sources These include God's revelation in Holy Scripture historical creeds and theology past and present missionary experiences and various social sciences that help us to understand diverse cultural and religious dynamics But how exactly do these sources relate to one another How do we balance and prioritize the contributions of each Missiology and the Social Sciences answer these questions with scholarly care On the one hand it's unthinkable that missionaries would not use the

social sciences such as anthropology and linguistics How else would we translate the Bible and learn about other cultures On the other hand some writers warn of the subtle danger that social sciences could undermine biblical authority Cultural bias also might affect social science research and hinder our ability to discern what God is doing around us The contributors in this book help readers understand the debate and its many practical implications It equips missionaries to engage the social sciences in more thoughtful ways that can bear gospel fruit

Ecclesiology in Africa David K. Ngaruiya, Rodney L. Reed, 2024-11-14 In spite of persecution and waning in some areas of the world Christianity in Africa has continued to grow Yet alongside the flourishing of the church comes challenges of syncretism and pluralism In this ninth volume from the annual conference of the Africa Society of Evangelical Theology contributors explore the African Christians understanding of church through contextual ecclesiology These African theologians address irrefutable realities for the African church while covering an extensive range of topics such as the priesthood of all believers the functions and ministries of church in society and church growth strategies Presenting ecclesiology through the lenses of scriptural examinations historical theology systematic examinations and practical theology these essays work together to build a contemporary understanding of the burgeoning church in Africa through African voices
