Bigfoot And Human Ancestors Ufos Species And Dawn Of Civilization:

Bigfoot and Human Ancestors Krsanna Duran, Ida M. Kannenberg, 2013-05-21 Genetic creation and natural selection meet in nature's melting pot and social engineering in this true adventure. It brings the multitude of human species to the doorstep of shared origins and self-realization with the rubric of sciences and Ancestors lost in time. Now is the time to know who you really are. This book is masterfully done and the concepts and facts are incredible. The research is thorough and most appropriate. The book and the content are riveting. Each section is like an overview of a complete subject and there is so much more to be learned within each of these sections and subjects. I am amazed and in awe about our actual history and I am disappointed in the garbage taught in the Institutions of Higher Learning. Thankfully, my higher education was in science, physics, and math, so I can wrap my mind around most of these concepts since they make so much sense. The laws and rules are basically the same. The applications are just amazing. Thomas Lypka: A wonderful book. I could barely put it down. Jonathan Burke: The frontier of species, mind, and soul exploded with novelty in 2013 when a five-year study of Bigfoot DNA corroborated key points of Ida Kannenberg's UFO contact notes about human origins. Seventy years after a UFO encounter in 1940, Ida Kannenberg's discussions with UFO contactors engaged a spectrum bridging Bigfoot's human nature potentials and ancestors as well as time travel. Elders of Arcturus and more Ancient alien researcher Krsanna Duran examines the chaotic backstory. Bigfoot's DNA mutation. She offers new evidence of a mother language anciently shared by peoples of Europe and Asia. Presents the facts behind the myths of catastrophic flooding at the end of the ice age and the facts of a catastrophic cosmic impact scattered molten debris across four continents. She compares these with the catastrophes recorded in ancient Mayan codices as well as in Hindu, Greek, and Sumerian records. Bigfoot's DNA mutations ceased by the time the world's first temple was built at Gobekli Tepe, Turkey, 12,000 years ago as the sunset of a golden age approached. Enigmas of the modern world unravel with the truth of human genesis and confounding incident at Babel. A pioneer researcher of UFO contact phenomena. Ida M. Kannenberg was the recipient of the Dr. Leo Sprinkle Award at the 22nd Rocky Mountain UFO Conference in 2001. Ms. Kannenberg was instrumental in founding with Dr. Sprinkle the first UFO experimenter-focused conference at the University of Wyoming in 1980.

 Duran, Ida M. Kannenberg, 2013-05-17 The sun rose over a golden age at the world s oldest temple back to back with the

 basin at the dawn of the Holocene Age The modern world was born in the aftermath **The Genesis Race** Will
 Hart, 2003-10-24 Shows that Earth was visited by an extraterrestrial race who bioengineered modern man in its image and
 taught man how to construct the pyramids Examines the flaws in Darwin s theory of evolution and presents startling new
 evidence of intelligent intervention Reveals the messages coded in the pyramids left by the ancients concerning impending
 Earth changes at the end of the Mayan calendar For millennia the development of humanity showed a consistent
 homogenous pattern Then suddenly around 3000 B C E great civilizations sprang up around the globe All the creation myths
 of these civilizations tell of gods who came down to Earth and fashioned man in their own image teaching them the arts of
 agriculture and civilized life In addition the dominant architectural design in Egypt Sumeria Peru Mexico and China was the
 pyramid though science has never been able to explain why or where these peoples obtained the advanced technological
 knowledge to construct such edifices The abruptness and similarities of these evolutionary leaps calls into question the
 Darwinian theory of evolution given that there are no traces of any intermediate evolutionary forms Now using the most
 current research on DNA Will Hart shows that these gods were actually visitors from other worlds who genetically
 engineered modern humanity from the beings that then inhabited the planet He also suggests that the Bible and other
 creation stories have been interpreted falsely as myth when they should have been read as history The structures left by our
 ancestors were designed in accordance with precise astronomical and geodetic alignments to make them visible from outer
 space and to survive for thousands of years with the intent of communicating information relating to physical and temporal
 events Humanity s current stage of development has finally reached the point where the secret messages of these structures
 can be decoded to reveal the fate of humanity in the coming Earth changes *The Human Odyssey: A Hidden History*
 Krsanna Duran, 2012-01-25 Departure from the Garden represents the maiden flight of humanity from its earliest beginning

with ancestors from the stars The ancestor races evolved from the same universal code from which the oldest human species grew many of whom have now left human evolution behind them to climb to even greater states within the universal code The most ancient emblem on Earth observed in modern UFO contact guides the search for Native America s ancestors those who returned to Mexico in 1991 in the most extensive UFO activity in modern history Traces of Native America s ancestors the ancient astronauts have often been dismissed as too impossibly ancient to believe And it is the factor of what can be perceived as reality or truth that is followed in this search for humanity through the manifestation of mind and the shamanic perspective in North America s oldest pyramids Recent scientific discovery of super continents and new excavations at Gobekli Tepe in Turkey are examined in light of traditional lore from the remote corners of the Earth The search for The People Of Life those who opened the tree of life to repopulate Native America leads through Earth s oldest cultures Egypt Greece India Tibet and Mu the motherland
