God's Vision Or Television Carl Jeffrey Wright, C. Jeffrey Wright, 2004 Do you spend more time watching television than you do reading your bible How much of your news and information do you get by watching television as opposed to reading God's inspired Word the Bible is still the source of the truth in the world today In this thought provoking book the author examines how television affects what we believe and what we can do about it The Complete Bible Discussion Guide: Old Testament Mack Thomas, 2013-06-26 If you want to keep your group Bible study in focus If you wish to add depth to your personal study of scripture If you want to spark interest in the class you teach If you are a pastor or lay leader seeking deeper insights or if you simply desire a greater understanding of God's word this valuable digital resource is for you *The Power of a Woman's Words Bible Study and Discussion Guide* Sharon Jaynes, 2020-04-21 What God's Word Says About the Words You Speak Your words hold immense power They echo in hearts and minds long after they are spoken Your words can be a source of encouragement lifting other people up provide helpful instruction to those in need of guidance bring healing and comfort when others experience pain offer loving kindness an illustration of God's grace to others Bestselling author Sharon Jaynes offers this companion to *The Power of a Woman's Words* in which she takes you on a journey alongside women of the Bible women like Rachel who shaped her son's character Sarai who influenced her husband's choices and Elizabeth who boosted her friend's confidence Perfect for personal or group use this study guide offers biblical instruction and practical tools to help you discover the power of words to change the course of a day and even a life The Word of the Lord (A 10-week Bible Study) Nancy Guthrie, 2014-05-31 We have found him of whom Moses in the Law and also the prophets wrote Jesus of Nazareth John 1:45 In the Old Testament God spoke to his people through prophets men specially called to speak God's Word to his people The New Testament makes it clear that such prophets whether chastising or comforting testified to Israel's final redemption and ultimate hope Jesus the Messiah Over ten weeks of guided personal Bible study relevant teaching and group discussion Bible teacher Nancy Guthrie will help you see the person and work of Christ in Hosea's willingness as a faithful bridegroom to redeem his unfaithful bride from slavery the divine King seated on the throne and the suffering Servant who Isaiah says will be punished for his people the stone that Daniel saw a stone not hewn by human hands that will crush every human kingdom Ezekiel's vision of a new city called The LORD is There where we will enjoy Jesus's presence forever Gain a fresh perspective on the message of the Old Testament prophets a broader understanding of Jesus as the fulfillment of Scripture and much more when you join with Nancy on this incredible journey to see Jesus in the Old Testament A leader's guide is available as a free download at SeeingJesusInTheOldTestament.com and a supplemental DVD of Nancy's teaching is also available for purchase It's All About Jesus! Peter M. Magolda, Kelsey Ebben Gross, 2023-07-03 What is it like to be a collegian involved in a Christian organization on a public college campus What roles do Christian organizations play in the lives of college students enrolled in a public college What are evangelical student organizations

political agendas and how do they mobilize members to advance these agendas What is the optimal equilibrium between the secular and the sacred within public higher education What constitutes safe space for evangelical students and who should provide this space This book presents a two year ethnographic study of a collegiate evangelical student organization at a public university authored by two non evangelicals The authors provide a glimpse into the lives of college students who join evangelical student organizations and who subscribe to an evangelical way of life during their college years They offer empirically derived insights as to how students participation in a homogeneous evangelical student organization enhances their satisfaction of their collegiate experience and helps them develop important life lessons and skills Ironically while Christian students represent the religious majority on the campus under study Christian organizations on this campus mobilize members by capitalizing on members shared sense of marginalization and position themselves as cultural outsiders This evangelical student organization serves as a safe space for students to express their faith within the larger secular university setting The narratives and interpretations aim not only to enrich understanding of a particular student organization but more importantly to spark intellectual discourse about the value of faith based organizations within public higher education The role of religion in public higher education student involvement in the co curriculum and peer education are three examples of critical issues in higher education for which this idiosyncratic case study offers broad understanding It s All About Jesus targets multiple audiences both sacred and secular For readers unfamiliar with evangelical collegiate organizations and the students they serve the authors hope the narratives make the unfamiliar familiar and the dubious obvious For evangelicals the authors hope that the thickly described narratives not only make the familiar familiar and the obvious obvious but also uncover the tacit meaning embedded in these familiar but seldom examined subculture rituals The authors hope this book spurs discussion on topics such as campus power and politics how organizations interact with the secular world around them and how members can improve their organizations Additionally this text urges secular readers in student affairs to consider the many benefits as well as liabilities of parachurches as co curricular learning sites on campus Lastly given that the authors lay bare their methodology their use of theory and the tensions between their perspectives and those of the participants this book will serve as a compelling case study for courses on qualitative research within religion studies anthropology sociology and cultural studies fields
