

RAJNI BAKSHI

bazaars, conversations & freedom for a market culture beyond greed and fear

'The market economy can be vigorous and productive, but also amazingly stupid and degenerate. The world is now much engaged in working out how

mindless markets can be made to function better with the help of other institutions. In this striking book, Rajni Bakshi insightfully explores how the working of markets can be improved through a modern version of the combination of trade and conversation that characterizes the age-old bazaars.'

— Amartya Sen
