Suspense in the Formula Story George N. Dove, 1989 Dove states that the purpose of this book is to develop a theoretical base for a critical approach to the interpretation of the formula story Such an approach should take into account the relationship between author and reader that determines such tacit agreements as the two axioms of formula fiction the reader knowledge convention and the signals that pass between author and reader

Specifically the chief concern of this book will be the criticism interpretation of the mystery *The Atomic Bomb and American Society* Rosemary B. Mariner, G. Kurt Piehler, 2009 Drawing on the latest research on the atomic bomb and its history the contributors to this provocative collection of eighteen essays set out to answer two key questions First how did the atomic bomb a product of unprecedented technological innovation rapid industrial scale manufacturing and unparalleled military deployment shape U S foreign policy the communities of workers who produced it and society as a whole And second how has American society s perception that the the bomb is a means of military deterrence in the Cold War era evolve under the influence of mass media scientists public intellectuals and even the entertainment industry In answering these questions *The Atomic Bomb and American Society* sheds light on the collaboration of science and the military in creating the bomb the role of women working at Los Alamos the transformation of nuclear physicists into public intellectuals as the reality of the bomb came into widespread consciousness the revolutionary change in military strategy following the invention of the bomb and the development of Cold War ideology the image of the bomb that was conveyed in the popular media and the connection of the bomb to the commemoration of World War II As it illuminates the cultural social political environmental and historical effects of the creation of the atomic bomb this volume contributes to our understanding of how democratic institutions can coexist with a technology that affects everyone even if only a few are empowered to manage it Rosemary B Mariner is formerly Joint Chiefs of Staff Chair and Professor of Military Studies for the National War College She is currently a lecturer in history at the University of Tennessee Knoxville G Kurt Piehler is associate professor of history and former director of the Center for the Study of War and Society at the University of Tennessee Knoxville which hosted the conference that formed the basis of this volume He is the author of *Remembering War the American Way and World War II in the American Soldiers Lives Series* as well as the coeditor with John Whiteclay Chambers II of *Major Problems in American Military History* [The Making of a Bestseller](#) Arthur T. Vanderbilt, 1999-01-01 Writer F Scott Fitzgerald s career itself is a metaphor for the vagaries of book publishing If Fitzgerald would have had his way we would today refer to *The Great Gatsby* as either *Gold Hatted Gatsby* *Trimalchio in West Egg* or *The High Bouncing Lover* A few years before *Gatsby* Fitzgerald had become a literary sensation at the age of 23 Helen Hooven Santmyer a contemporary of Fitzgerald s would not have a successful novel published until she was 88 and living in a nursing home In this book the author explores that mysterious place in publishing where art and commerce can either clash mesh or both Along the way a wide range of authors from the literary greats to today s commercial superstars editors agents and publishers share their thoughts insights and experiences What inspires writers John Steinbeck for example wrote every novel as if it were his last as if death were imminent Why are some books successful and appreciated while others fall into oblivion The answers are often elusive never absolute but the stories and anecdotes are always fascinating *Guts and Glory* Lawrence H. Suid, 2015-01-13 *Guts and Glory* *The Making of the American Military Image in Film* is the definitive study of the symbiotic relationship between the film industry and the United

States armed services Since the first edition was published nearly two decades ago the nation has experienced several wars both on the battlefield and in movie theatres and living rooms at home Now author Lawrence Suid has extensively revised and expanded his classic history of the mutual exploitation of the film industry and the military exploring how Hollywood has reflected and effected changes in America s image of its armed services He offers in depth looks at such classic films as Wings Thirty Seconds Over Tokyo The Longest Day Patton Top Gun An Officer and a Gentleman and Saving Private Ryan as well as the controversial war movies The Green Berets M A S H the Deer Hunter Apocalypse Now Platoon Full Metal Jacket and Born on the Fourth of July Mass-Market Fiction and the Crisis of American Liberalism, 1972-2017 Michael J. Blouin, 2018-05-10 Mass Market Fiction and the Crisis of American Liberalism 1972 2017 tracks the transformation of liberal thought in the contemporary United States through the unique lens of the popular paperback The book focuses on cultural shifts as they appear in works written by some of the most widely read authors of the last fifty years the idea of love within a New Economy Danielle Steel the role of government in scientific inquiry Michael Crichton entangled political alliances and legacies in the aftermath of the 1960s Tom Clancy the restructured corporation John Grisham and the blurred line between state and personal empowerment Dean Koontz To address the current crisis this book examines how the changed character of American liberalism has been rendered legible for a mass audience
