me a hard time I always try to remember that there are millions of other people out there with problems worse than what I have It makes it easier for me to smile Think about it Next time you smile notice that you hold yourself a little higher stand a little taller It changes the atmosphere around your being I look into your heart Beyond its breaking beats To see you asking If you can endure the heat I feel that as long as my heart is beating no matter how difficult the issue I can get through anything The heart is such a powerful muscle that it can help you power through any problem Dedication and determination help make the heart stronger and the fight to power through your problems a little easier I look at your hands Beyond their aching joints To see them praying Your anguished mind to anoint What do millions of people do everyday that gives them strength Pray I heard someone close to me say at one point she prayed so hard and so much her hands ached to keep them folded in prayer anymore I knew how much she was relying on the power of faith to help heal her How much more strong or beautiful can you get than that No amount of words I write could ever demonstrate how powerful that is I look into your soul Beyond its hopeful feeling To see you anticipating Its eventual healing In one s belief you can get through difficulties you tell yourself that it is only a matter of time before things improve Time heals all wounds If you believe that as I have at certain times you will see that with family friends and a supportive network that healing can begin quickly and be softened by that love and support it can be likened to a blanket that keeps you warm when the world is feeling cold I look into All these parts of you And see nothing less Than beautiful you In the final four lines of Beautiful You when you look at a being that is full of love faith determination and strength you find a beautiful person who uses all those characteristics to bring themselves through tough times When I wrote this poem as I point out in my introduction I and several of my friends faced some difficult problems and or decisions I felt that inner strength is what brought us all through our respective problems and allowed us to apply the lessons learned and strength gained to the future I know I look back on what I had gone through and can proudly say to myself I guess I was stronger than I knew It was an incredible experience to write this second book So much of it is me
