CANCER - ME, my DOCTOR and HOPE! Stephen Lamb, 2015-06-01 Steve had never written a book before and never thought he would After unexpectedly enduring a prostate cancer experience and the subsequent outcome he felt inspired to put pen to paper His inspiration was fueled in the hope that the book raises awareness and ultimately makes a difference for other men and their families who have or are facing a prostate cancer journey Hopefully it sends an important message in relation to the diagnosis and shows them that there are also amazing alternatives in treatment available to them He is a firm believer that things happen for a reason If he hadn't contracted prostate cancer his book would not be a reality today After a lot of soul searching he chose not to follow the conventional mainstream path of treatment the norm He has his wife Karen to thank for that Steve's book is very different to the normal cancer books on the shelf in as much as it is a unique marriage of the human story a cutting edge scientific nutritional approach to diagnosis and treatment and a reference book at the same time
