Book And Abracadabra Story Magic Through Ages:

Abracadabra HP Newquist, 2015-11-17 A magician never reveals his secrets but HP Newquist does in this illustrated history of magic and famous magicians Magic is a word we use to describe something amazing awe inspiring or spectacular Truly great magic makes us believe in things we know can't be real In the hands of the greatest magicians even a simple card trick can become truly wondrous Now in this nonfiction narrative of magic through the ages HP Newquist explains how the world's most famous tricks were created From the oracles of ancient Egypt and the wizards of medieval Europe on to the exploits of Houdini and modern practitioners like Criss Angel this book unlocks the secrets behind centuries of magic and illusion Fully illustrated and including step by step instructions for eight classic magic tricks this book will have middle grade readers spellbound

Abracadabra Nathaniel Schiffman, 2009-09-25 Magicians use more than just mirrors string and sleight of hand to deceive their audience Those who are masters at this trade have developed an arsenal of techniques to manipulate people Every action and utterance on stage and off is precisely planned to achieve a specific effect Abracadabra is an insider's look at what goes on at a magic show behind the scenes and in the mind of the magician Nathaniel Schiffman explains the principles of deception exposing those innocent seeming motions that conceal vital actions from onlookers how the conjurer uses misdirection of space and time to mislead the audience how silly and simple optical illusions can fool us and what to look for during a magic show Also explored in detail is the world of off stage magic Some magicians use various techniques in life to deceive and influence you yet these magicians don't boast of their magic talent because they are advertisers politicians army commanders spies con artists computer programmers movie directors faith healers psychics and others These magicians work to make you buy their product believe in their cause and influence your thinking from the time you get up in the morning until you go to bed at night This is not a how to book for aspiring magicians but a layperson's guide to methods used to mislead or fool you Lighthearted and informal Abracadabra will fascinate anyone interested in knowing how one person can control many Included are hands on experiments magic tricks and reader participation segments You'll soon see that magicians don't just manipulate playing cards and animals they manipulate you
