The Anatomy of Melancholy Robert Burton, 1905

Music, Performance, and the Realities of Film Ben Winters, 2014-02-05 This book examines the relationship between narrative film and reality as seen through the lens of on screen classical concert performance By investigating these scenes wherein the performance of music is foregrounded in the narrative Winters

uncovers how concert performance reflexively articulates music's importance to the ontology of film. The book asserts that narrative film of a variety of aesthetic approaches and traditions is no mere copy of everyday reality but constitutes its own filmic reality and that the music heard in a film's underscore plays an important role in distinguishing film reality from the everyday. As a result, concert scenes are examined as sites for provocative interactions between these two realities in which real-world musicians appear in fictional narratives and an audience's suspension of disbelief is problematized. In blurring the musical experiences of onscreen observers and participants, these concert scenes also allegorize music's role in creating a shared subjectivity between film audience and character and prompt Winters to propose a radically new vision of music's role in narrative cinema wherein musical underscore becomes part of a shared audio-visual space that may be just as accessible to the characters as the music they encounter in scenes of concert performance. *Love and Capital* Mary

Gabriel, 2011-09-14 Brilliantly researched and wonderfully written *Love and Capital* reveals the rarely glimpsed and heartbreakingly human side of the man whose works would redefine the world after his death. Drawing upon previously unpublished material, acclaimed biographer Mary Gabriel tells the story of Karl and Jenny Marx's marriage. Through it, we see Karl as never before: a devoted father and husband, a prankster who loved a party, a dreadful procrastinator, freeloader, and man of wild enthusiasms, one of which would almost destroy his marriage. Through years of desperate struggle, Jenny's love for Karl would be tested again and again as she waited for him to finish his masterpiece *Capital*. An epic narrative that stretches over decades to recount Karl and Jenny's story against the backdrop of Europe's Nineteenth Century, *Love and Capital* is a surprising and magisterial account of romance and revolution and of one of the great love stories of all time.
