those who are not angry in the right way at the right time or with the right persons Virtually everyone experiences anger But it s important to realize that anger in itself is not a good or bad thing It s simply a set of physical responses emotions and behaviors triggered by a perceived threat or frustration How people cope with their own anger and anger in others makes the difference between anger as a destructive emotion and a constructive emotion In this course you ll discover that anger can be expressed appropriately and dealt with productively You ll learn about managing and controlling your own anger You ll also learn how to appropriately and effectively deal with other people s anger including how to evaluate the issue and provide constructive feedback
