

The Georgetown Set

Friends and
Rivals in
Cold War
Washington

Gregg
Herken

Author of
*Brotherhood
of the Bomb*

"A remarkable book. . . .
A bravura feat of research
and writing. . . . Herken has
described a time, a milieu and
a life that were, one might say,
stranger than journalism."
— *The Wall Street Journal*

And Georgetown Set Friends Rivals Washington

Craft, Christopher J. Ferrero, Joseph
Fitsanakis, Richard J. Kilroy,
Jr., Jonathan Smith**

And Georgetown Set Friends Rivals Washington:

The Georgetown Set Gregg Herken, 2014-10-28 In the years after World War II Georgetown's leafy streets were home to an unlikely group of Cold Warriors who helped shape American strategy This coterie of affluent well educated and connected civilians guided the country for better and worse from the Marshall Plan through McCarthyism Watergate and Vietnam The Georgetown set included Phil and Kay Graham husband and wife publishers of The Washington Post Joe and Stewart Alsop odd couple brothers who were among the country's premier political pundits Frank Wisner a driven manic depressive lawyer in charge of CIA covert operations and a host of other diplomats spies and scholars Gregg Herken gives us intimate portraits of these dedicated and talented if deeply flawed individuals who navigated the Cold War years often over cocktails and dinner with very real consequences reaching into the present day Throughout he illuminates the drama and fascination of that noble congenial curious old world in Joe Alsop's words bringing this remarkable roster of men and women not only out into the open but vividly to life

Rethinking American Grand Strategy Elizabeth Borgwardt, Christopher McKnight Nichols, Andrew Preston, 2021 A wide ranging rethinking of the many factors that comprise the making of American Grand Strategy What is grand strategy What does it aim to achieve And what differentiates it from normal strategic thought what in other words makes it grand In answering these questions most scholars have focused on diplomacy and warfare so much so that grand strategy has become almost an equivalent of military history The traditional attention paid to military affairs is understandable but in today's world it leaves out much else that could be considered political and therefore strategic It is in fact possible to consider and even reach a more capacious understanding of grand strategy one that still includes the battlefield and the negotiating table while expanding beyond them Just as contemporary world politics is driven by a wide range of non military issues the most thorough considerations of grand strategy must consider the bases of peace and security including gender race the environment and a wide range of cultural social political and economic issues Rethinking American Grand Strategy assembles a roster of leading historians to examine America's place in the world Its innovative chapters re-examine familiar figures such as John Quincy Adams George Kennan and Henry Kissinger while also revealing the forgotten episodes and hidden voices of American grand strategy They expand the scope of diplomatic and military history by placing the grand strategies of public health race gender humanitarianism and the law alongside military and diplomatic affairs to reveal hidden strategists as well as strategies

The Myths of Tet Edwin Moïse, 2017-11-21 Late in 1967 American officials and military officers pushed an optimistic view of the Vietnam War Military Assistance Command Vietnam MACV said that the war was being won and that Communist strength in South Vietnam was declining Then came the Tet Offensive of 1968 In its broadest and simplest outline the conventional wisdom about the offensive was that it was a military defeat for the Communists but a political victory for them because it undermined support for the war in the United States is correct But much that has been written about the Tet Offensive has been misleading Edwin Moïse shows that the Communist

campaign shocked the American public not because the American media exaggerated its success but because it was a bigger campaign larger in scale much longer in duration and resulting in more American casualties than most authors have acknowledged MACV led by General William Westmoreland issued regular estimates of enemy strength in South Vietnam During 1967 intelligence officers at MACV were increasingly required to issue low estimates to show that the war was being won Their underestimation of enemy strength was most extreme in January 1968 just before the Tet Offensive The weak Communist force depicted in MACV estimates would not have been capable of sustaining heavy combat month after month like they did in 1968 Mo se also explores the errors of the Communists using Vietnamese sources The first wave of Communist attacks at the end of January 1968 showed gross failures of coordination Communist policy throughout 1968 and into 1969 was wildly overoptimistic setting impossible goals for their forces While acknowledging the journalists and historians who have correctly reported various parts of the story Mo se points out widespread misunderstandings in regard to the strength of Communist forces in Vietnam the disputes among American intelligence agencies over estimates of enemy strength the actual pattern of combat in 1968 the effects of Tet on American policy and the American media s coverage of all these issues

Spies and Traitors Michael Holzman, 2021-01-07 Kim Philby s life and career has inspired an entire literary genre the spy novel of betrayal He was one of the leaders of the British counter intelligence efforts first against the Nazis then against the Soviet Union He was also the KGB s most valuable double agent so highly regarded that today his image is on the postage stamps of the Russian Federation Philby was the mentor of James Jesus Angleton one of the central figures in the early years of the CIA who became the long serving chief of the counter intelligence staff of the Agency James Angleton and Kim Philby were friends for six years or so Angleton thought They were then enemies for the rest of their lives This is the story of their intertwined careers and a betrayal that would have dramatic and irrevocable effects on the Cold War and US Soviet relations Featuring vivid locations in London Washington DC Rome and Istanbul SPIES AND TRAITORS anatomises one of the most important and flawed personal relationships in modern history

Ike's Mystery Man Peter Shinkle, 2022-01-18 The Cold War The Lavender Scare and the Untold Story of Eisenhower s First National Security Advisor President Eisenhower s National Security Advisor Robert Bobby Cutler working alongside Ike and also the Dulles brothers at the CIA and State Department shaped US Cold War strategy in far more consequential ways than previously understood A lifelong Republican Cutler also served three Democratic presidents A charming raconteur he was a tight lipped loyalist who worked behind the scenes to get things done Cutler was in love with a man half his age naval intelligence officer and NSC staffer Skip Koons Cutler poured his emotions into a six volume diary and dozens of letters that have been hidden from history Steve Benedict who was White House security officer Cutler s friend and Koons friend and former lover preserved Cutler s papers All three men served Eisenhower at a time when anyone suspected of sexual perversion i e homosexuality was banned from federal employment and vulnerable to security sweeps by the FBI This gripping account reveals in

fascinating detail Cutler's intimate thoughts and feelings about US efforts to confront Soviet expansion and aggression while having to contend with the reality that tens of millions of people would die in a first nuclear strike and that a full nuclear exchange would likely lead to human extinction And Shinkle recounts with sensitivity the daily challenges and personal dramas of a small but representative group of patriotic gay men who were forced to hide essential aspects of who they were in order to serve a president they admired and a country they loved

Introduction to Intelligence Jonathan M. Acuff, Lamesha Craft, Christopher J. Ferrero, Joseph Fitsanakis, Richard J. Kilroy, Jr., Jonathan Smith, 2021-01-28 Introduction to Intelligence Institutions Operations and Analysis offers a strategic international and comparative approach to covering intelligence organizations and domestic security issues Written by multiple authors each chapter draws on the author's professional and scholarly expertise in the subject matter As a core text for an introductory survey course in intelligence this text provides readers with a comprehensive introduction to intelligence including institutions and processes collection communications and common analytic methods

The Rising Clamor David P. Hadley, 2019-06-14 The US intelligence community as it currently exists has been deeply influenced by the press Although considered a vital overseer of intelligence activity the press and its validity is often questioned even by the current presidential administration But dating back to its creation in 1947 the US Central Intelligence Agency CIA has benefited from relationships with members of the US press to garner public support for its activities defend itself from its failures and promote US interests around the world Many reporters editors and publishers were willing and even eager to work with the agency especially at the height of the Cold War That relationship began to change by the 1960s when the press began to challenge the CIA and expose many of its questionable activities Respected publications went from studiously ignoring the CIA's activities to reporting on the Bay of Pigs CIA pacification programs in Vietnam the CIA's war in Laos and its efforts to use US student groups and a variety of other non government organizations as Cold War tools This reporting prompted the first major congressional investigation of the CIA in December 1974 In *The Rising Clamor: The American Press, the Central Intelligence Agency and the Cold War* David P. Hadley explores the relationships that developed between the CIA and the press its evolution over time and its practical impact from the creation of the CIA to the first major congressional investigations of its activities in 1975-76 by the Church and Pike committees Drawing on a combination of archival research declassified documents and more than 2,000 news articles Hadley provides a balanced and considered account of the different actors in the press and CIA relationships how their collaboration helped define public expectations of what role intelligence should play in the US government and what an intelligence agency should be able to do

The Age of Entitlement Christopher Caldwell, 2021-01-05 A major American intellectual and one of the right's most gifted and astute journalists The New York Times Book Review makes the historical case that the reforms of the 1960s reforms intended to make the nation more just and humane left many Americans feeling alienated despised misled and ready to put an adventurer in the White House Christopher Caldwell has spent years studying

the liberal uprising of the 1960s and its unforeseen consequences and his conclusion is this even the reforms that Americans love best have come with costs that are staggeringly high in wealth freedom and social stability and that have been spread unevenly among classes and generations Caldwell reveals the real political turning points of the past half century taking you on a roller coaster ride through Playboy magazine affirmative action CB radio leveraged buyouts iPhones Oxycotin Black Lives Matter and internet cookies In doing so he shows that attempts to redress the injustices of the past have left Americans living under two different ideas of what it means to play by the rules Essential timely hard to put down The Age of Entitlement is an eloquent and bracing book full of insight New York magazine about how the reforms of the past fifty years gave the country two incompatible political systems and drove it toward conflict **Freedom's Laboratory** Audra J. Wolfe,2020-08-04 The Cold War ended long ago but the language of science and freedom continues to shape public debates over the relationship between science and politics in the United States Scientists like to proclaim that science knows no borders Scientific researchers follow the evidence where it leads their conclusions free of prejudice or ideology But is that really the case In Freedom s Laboratory Audra J Wolfe shows how these ideas were tested to their limits in the high stakes propaganda battles of the Cold War Wolfe examines the role that scientists in concert with administrators and policymakers played in American cultural diplomacy after World War II During this period the engines of US propaganda promoted a vision of science that highlighted empiricism objectivity a commitment to pure research and internationalism Working both overtly and covertly wittingly and unwittingly with governmental and private organizations scientists attempted to decide what exactly they meant when they referred to scientific freedom or the US ideology More frequently however they defined American science merely as the opposite of Communist science Uncovering many startling episodes of the close relationship between the US government and private scientific groups Freedom s Laboratory is the first work to explore science s link to US propaganda and psychological warfare campaigns during the Cold War Closing in the present day with a discussion of the 2017 March for Science and the prospects for science and science diplomacy in the Trump era the book demonstrates the continued hold of Cold War thinking on ideas about science and politics in the United States The Trials of Harry S. Truman Jeffrey Frank,2023-03-14 Jeffrey Frank author of the bestselling Ike and Dick returns with the beguiling The New York Times first full account of the Truman presidency in nearly thirty years recounting how a seemingly ordinary man met the extraordinary challenge of leading America through the pivotal years of the mid 20th century The nearly eight years of Harry Truman s presidency among the most turbulent in American history were marked by victory in the wars against Germany and Japan the first use of an atomic bomb and the development of far deadlier weapons the start of the Cold War and the creation of the NATO alliance the Marshall Plan to rebuild the wreckage of postwar Europe the Red Scare and the fateful decision to commit troops to fight a costly limited war in Korea Historians have tended to portray Truman as stolid and decisive with a homespun manner but the man who emerges in The Trials of Harry S Truman is complex and surprising

He believed that the point of public service was to improve the lives of one's fellow citizens and fought for a national health insurance plan. While he was disturbed by the brutal treatment of African Americans and came to support stronger civil rights laws, he never relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of instinct and combativeness as when he asserted a president's untested power to seize the nation's steel mills. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts but insecure, quick to anger, and prone to hasty decisions. Archival discoveries and research that led from Missouri to Washington, Berlin, and Korea have contributed to an indelible and intimate *The Washington Post* portrait of a man born in the 19th century who set the nation on a course that reverberates in the 21st century: a leader who never lost a schoolboy's love for his country and its Constitution.

The Top Books of the Year And Georgetown Set Friends Rivals Washington The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. And Georgetown Set Friends Rivals Washington : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. And Georgetown Set Friends Rivals Washington : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. And Georgetown Set Friends Rivals Washington : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

And Georgetown Set Friends Rivals Washington Introduction

In the digital age, access to information has become easier than ever before. The ability to download And Georgetown Set Friends Rivals Washington has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download And Georgetown Set Friends Rivals Washington has opened up a world of possibilities. Downloading And Georgetown Set Friends Rivals Washington provides numerous advantages over physical copies of books and documents.

Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading And Georgetown Set Friends Rivals Washington has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download And Georgetown Set Friends Rivals Washington. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading And Georgetown Set Friends Rivals Washington. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading And Georgetown Set Friends Rivals Washington, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download And Georgetown Set Friends Rivals Washington has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
