Sometimes we are the stupid people doing all of that Even the allegedly brightest among you have likely reduced much of the world down to an overly simplistic all or nothing mentality that will only get you so far at most to the presidency This book is evidence free refusing to scare you with any pesky research that you will not understand After luring you in I will kick you in the pants and insult you mercilessly because nobody else has ever told you the plain old truth about anything Seriously somebody should tell you No and mean it at least once a day If you are already a parent who really takes part in raising kids you can disregard this last part This book refuses to fix you because digits and pieces of paper do not do such things Instead I will explain why you may be unhappy due to your unquestioning acceptance of incredibly stupid childish assumptions If you are unhappy you may find reasons for happiness here but that will be mainly because you will notice how much better you feel after the kicks in the butt have stopped
