SrA Shelby listens as the ALS instructor says, "The course is rigorous so you'll want to manage your time wisely because your achievements depend entirely on the effort you put forth. Invest time in reviewing lesson objectives and samples of behavior because they help you prepare for exams. Although we use various teaching methods to appeal to all learning styles, most students find it takes effective study habits, critical thinking, and effective use of EPME's structured thinking process to make it through the course."

I finally settled into a routine that helped me pay attention in class, take good notes, and actively participate in classroom discussions. While talking with another instructor, TSgt Bright says, "I'm concerned about SrA Tall, one of my students. She completes all assignments and I know she takes notes because she shares them with the flight, but she barely passed her briefing evaluations, which I believe is due to the flight helping her practice so much. Although I have seen her study with the flight, most of the time she studies alone. This morning she failed the formative exercise, by one question, and failed to meet the academic standard. I counseled her about additional study but I'm not sure she can pass the summative."

SrA Tall's use of _____ will MOST LIKELY earn her _____.
