

INTRODUCTION

- **Confucianism is often characterized as a system of social and ethical philosophy rather than a religion. In fact, Confucianism built on an ancient religious foundation to establish the social values, institutions, and transcendent ideals of traditional Chinese society.**

An Introduction To Confucianism Introduction To Religion

Karin Nielsen-Saines

An Introduction To Confucianism Introduction To Religion:

An Introduction to Confucianism Xinzhong Yao,2000-02-13 Introduces the many strands of Confucianism in a style accessible to students and general readers **An Introduction to Confucianism** Xinzhong Yao,2000 Taking into account the history and range of Confucian Studies this book introduces Confucianism initiated in China by Confucius 551 BC 479 BC primarily as a philosophical and religious tradition It draws together the many strands of Confucianism in a style accessible to students teachers and general readers **An Introduction to Confucianism** Xinzhong Yao,2000 Taking into account the history and range of Confucian Studies this book introduces Confucianism initiated in China by Confucius 551 BC 479 BC primarily as a philosophical and religious tradition It draws together the many strands of Confucianism in a style accessible to students teachers and general readers *Confucianism* Ronnie L. Littlejohn,2010-10-23 It is arguably Confucianism not Communism which lies at the core of China's deepest sense of self Although reviled by Chinese intellectuals of the 1950s 1990s who spoke of it as yellow silt clotting the arteries of the country Confucianism has defied eradication remaining a fundamental part of the nation's soul for 2500 years And now as China assumes greater ascendancy on the world economic stage it is making a strong comeback as a pragmatic philosophy of personal as well as corporate transformation popular in home boardroom and in current political discussion What is this complex system of ideology that stems from the teachings of a remarkable man called Confucius Kongzi who lived in the distant sixth century BCE Though he left no writings of his own the oral teachings recorded by the founder's disciples in the Analects left a profound mark on later Chinese politics and governance They outline a system of social cohesiveness dependent upon personal virtue and self control For Confucius society's harmony relied upon the appropriate behaviour of each individual within the social hierarchy and its emphasis on practical ethics has led many to think of Confucianism as a secular philosophy rather than a religion In this new comprehensive introduction Ronnie Littlejohn argues rather that Confucianism is profoundly spiritual and must be treated as such He offers full coverage of the tradition's sometimes neglected metaphysics as well as its varied manifestations in education art literature and culture *The Way of Heaven* Rodney L. Taylor,2023-08-21 *Confucianism* John Berthrong,Evelyn Berthrong,2014-10-01 Blending scholarship with an original approach this new introduction to Confucianism is an informative and intriguing guide to China's ancient philosophical tradition Against the backdrop of 17th century China the book follows a Confucian couple together with their family friends and staff through a typical day The result offers a fascinating insight not only into the intellectual and scholarly aspects of Confucianism but also into the nature of belief culture and society in a living philosophical tradition The key topics covered include the intellectual and social role of women Confucianism art and poetry the relationship with the western world and western faiths Capturing the full scope of an ancient tradition this innovative well researched and accessible text should be of interest to anyone interested in Confucianism scholars students and general readers alike A Beginner's Guide to the Study of Religion Bradley L.

Herling,2016-03-10 How should we understand and interpret the strange but familiar thing that we call religion What are the foundations of a methodical approach to this subject and what theoretical tools are available to students who are new to this area of inquiry A Beginner s Guide to the Study of Religion provides an accessible wide ranging introduction to theories and basic methodology in the field Now in its second edition and updated throughout this concise but comprehensive book includes A case for the urgency and relevance of studying religion today Discussion of the role and perspective of the student of religion Description of the nature of theory and its function An accessible survey of classic theorists in the modern study of religion Feature boxes highlighting essential quotations and guiding principles for application of theories An expanded consideration of contemporary issues in the field including gender sexuality race ethnicity globalization violence science and new media Recommended further reading A Beginner s Guide to the Study of Religion offers a thorough but concise body of material suitable for introductory courses on the study of religion or to provide theoretical context for survey courses Study questions and worksheets can be found on the book s webpage

An Introductory Study on China's Cultural Transformation in Recent Times Yunzhi Geng,2014-10-22 This book examines in detail the basic trajectory of the cultural transformation and brings to light the extrinsic conditions and intrinsic mechanisms involved It focuses on the period from after the Opium Wars to the New Culture Movement as the New Culture Movement can be considered a pivotal phase in the cultural transformation of modern day China The New Culture Movement was a revolutionary eruption triggered by the accumulation of all the new qualitative cultural factors since the Opium Wars Superficially the movement s goal seemed to be to overthrow the traditional culture But in essence its true objective was to conduct an overall screening of that culture The book elaborates a broad variety of points in this context including the ideological and cultural evolution following the Opium Wars the pressing challenges faced by Zhong Ti the initial shaping of social public and cultural spaces and major trends in ideological and cultural transformation at the end of the Qing Dynasty the political disarray and conflicts between the new and old ideology in the first years of the Republic the rise of the New Culture Movement and the role of conservatism in the transition to a modern culture

Religion and Everyday Life and Culture Vincent F. Biondo,Richard D. Hecht,2010-03-25 This intriguing three volume set explores the ways in which religion is bound to the practice of daily life and how daily life is bound to religion In Religion and Everyday Life and Culture 36 international scholars describe the impact of religious practices around the world using rich examples drawn from personal observation Instead of repeating generalizations about what religion should mean these volumes examine how religions actually influence our public and private lives on the ground on a day to day basis Volume one introduces regional histories of the world s religions and discusses major ritual practices such as the Catholic Mass and the Islamic pilgrimage to Mecca Volume two examines themes that will help readers understand how religions interact with the practices of public life describing the ways religions influence government education criminal justice economy technology and the environment Volume three takes up themes that are central to how

religions are realized in the practices of individuals In these essays readers meet a shaman healer in South Africa laugh with Buddhist monks sing with Bob Dylan cheer for Australian rugby and explore Chicana and Iranian art **Chinese Religion**
Xinzhong Yao,2010-05-25 A new introduction To The field of Chinese religion and culture ideally suited to undergraduate students
