Daniel Shepard, 2003 Presents the different ways in which a letter might travel from the time it is sent until it arrives in someone's mailbox **From Tree to Table** Susan Ring, 2003 A brief statement of the process of gathering, making and selling maple syrup Children's Books in Print, 2007, 2006 Moving Color Joshua Yumibe, 2012-07-17 Color was used in film well before The Wizard of Oz Thomas Edison for example projected two colored films at his first public screening in New York City on April 23 1896 These first colors of early cinema were not photographic they were applied manually through a variety of laborious processes most commonly by the hand coloring and stenciling of prints frame by frame and the tinting and toning of films in vats of chemical dyes The results were remarkably beautiful Moving Color is the first book length study of the beginnings of color cinema Looking backward Joshua Yumibe traces the legacy of color history from the beginning of the nineteenth century to the cinema of the early twentieth century Looking forward he explores the implications of this genealogy on experimental and contemporary digital cinemas in which many colors have become once again vividly unhinged from photographic reality Throughout this history Moving Color revolves around questions pertaining to the sensuousness of color how color moves us in the cinema visually emotionally and physically **The Appearing Demos** Laikwan Pang, 2020-02-11 As the waves of Occupy movements gradually recede we soon forget the political hope and passions these events have offered Instead we are increasingly entrenched in the simplified dichotomies of Left and Right us and them hating others and victimizing oneself Studying Hong Kong's Umbrella Movement which might be the largest Occupy movement in recent years The Appearing Demos urges us to recommit to democracy at a time when democracy is failing on many fronts and in different parts of the world The 79 day long Hong Kong Umbrella Movement occupied major streets in the busiest parts of the city creating tremendous inconvenience to this city famous for capitalist order and efficiency It was also a peaceful collective effort of appearance and it was as much a political event as a cultural one The urge for expressing an independent cultural identity underlined both the Occupy movement and the remarkably rich cultural expressions it generated While understanding the specificity of Hong Kong's situations The Appearing Demos also comments on some global predicaments we are facing in the midst of neoliberalism and populism It directs our attention from state based sovereignty to city based democracy and emphasizes the importance of participation and cohabitation The book also examines how the ideas of Hannah Arendt are useful to those happenings much beyond the political circumstances that gave

rise to her theorization The book pays particular attention to the actual intersubjective experiences during the protest These experiences are local fragile and sometimes inarticulable therefore resisting rationality and debates but they define the fullness of any individual and they also make politics possible Using the Umbrella Movement as an example this book examines the freed political agents who constantly take others into consideration in order to guarantee the political realm as a place without coercion and discrimination In doing so Pang Laikwan demonstrates how politics means neither to rule nor to be ruled and these movements should be defined by hope not by goals
