Born to Rule? Paddy Manning, 2018-12-03 After wresting the prime ministership from long term adversary Tony Abbott Malcolm Turnbull's term at the Lodge was brutally short. It traversed a soaring electoral honeymoon to the marathon 2016 election to the compromises of a government with the slimmest of majorities and finally death by political sword. Why? Was it collateral damage for a Liberal Party tearing itself apart or a consequence of the man himself? **Born to Rule** by esteemed journalist Paddy Manning is the updated bestselling biography of one of Australia's most celebrated overachievers charting his very public highs and lows in technicolour detail. Based on countless interviews and painstaking research **Born to Rule** charts Turnbull's relentless progression from exclusive Point Piper to Oxford University from beating the Thatcher government in the Spycatcher trial to losing the referendum on the republic from defending the late Kerry Packer in a Royal Commission to defending his own role in Australia's biggest corporate collapse. It gives forensic accounts of him striking it rich as co-founder of OzEmail his spectacular misstep with the UteGate affair and the hotly contested battle for Wentworth on his grand march towards becoming prime minister. Turnbull may be out of parliament but will he ever be out of politics. **The People and the Bay** Nancy B. Bouchier, Ken Cruikshank, 2016-01-15 This masterful social and environmental history raises questions about how decisions being made about the natural world today will shape the cities of tomorrow. In 1865 John Smoke braved the ice on Burlington Bay to go spearfishing. Soon after he was arrested by a fishery inspector and then convicted by a magistrate who chastised him for thinking that he was at liberty to do as he pleased with Her Majesty's property. With this story Nancy Bouchier and Ken Cruikshank launch their history of the relationship between the people of Hamilton Ontario and Hamilton Harbour aka Burlington Bay. From the time of European settlement through to the city's rise as an industrial power townsfolk struggled with nature and with one another to champion their particular vision of the bay as a place to live work and play. As Smoke discovered the outcomes of those struggles reflected the changing nature of power in an industrial city. From efforts to conserve the fishery in the 1860s to current attempts to revitalize a seriously polluted harbour each generation has tried to create what it believed would be a livable and prosperous city. **Certified List of Domestic and Foreign Corporations for the Year ...**, 1984 **The Bill Gates Problem** Tim Schwab, 2023-11-14 New York Times Editors Choice A powerful investigation of Bill Gates and the Gates Foundation showing how he uses philanthropy to exercise enormous political power without accountability. Through his vaunted philanthropy Bill Gates transformed himself from a tech villain into one of the most admired people on the planet. Even as divorce proceedings and allegations of misconduct have recently tarnished his public image the beneficence of the Gates Foundation celebrated for spending billions to save lives around the globe is taken as a given. But as Tim Schwab shows in this fearless investigation Gates is still exactly who he was at Microsoft a bully and monopolist convinced of his own righteousness and intent on imposing his ideas his solutions and his leadership on everyone else. At the core he is not a selfless philanthropist but a power broker a clever

engineer who has innovated a way to turn extreme wealth into immense political influence and who has made us believe we should applaud his acquisition of power not challenge it Piercing the blinding halo that has for too long shielded the world's most powerful and most secretive charitable organization from public scrutiny The Bill Gates Problem shows how Gates's billions have purchased a stunning level of control over public policy private markets scientific research and the news media Whether he is pushing new educational standards in America health reforms in India global vaccine policy during the pandemic or Western industrialized agriculture throughout Africa Gates's heady social experimentation has shown itself to be not only undemocratic but also ineffective In many places Bill Gates is hurting the very people he intends to help No less than dark money campaign contributions or big business political lobbying Bill Gates's philanthropic empire needs to be seen as a problem of money in politics It is a dangerous model of unconstrained power that threatens democracy and demands our attention

Beyond the Evangelical Gender Roles Gridlock Paul J. Palma, 2024-11-30 Present day Evangelicalism represents a microcosm of broader tensions over male and female gender roles with some denominations carefully delimiting women leadership roles especially the female pastor and many others supporting them The letters attributed to Paul the Apostle contain several divisive passages on the meaning of manhood and womanhood Dated and dubious readings of these have led some Christians and non-Christians alike to conclude that Paul wrote with misogynistic intent Others quote them to justify Christian patriarchy Beyond the Evangelical Gender Roles Gridlock Reimagining Paul's Views on Women Marriage and Ministry reassesses what Paul said about women reinterpreting his claims on marriage and ministry leadership in light of his first century worldview This book proposes a nuanced theological egalitarian approach with significant implications for renewing twenty first century
