## **Alice Au Pays Du Langage Pour Comprendre La Linguistique:**

Alice au pays du langage Marina Yaguello, 1981 Marina Yaguello part de l'idée que tout locuteur exerce une activité métalinguistique inconsciente et que le jeu est un domaine privilégié où saisir les règles du langage. Elle a le mérite de fournir l'enseignant en linguistique des exemples tirés d'un corpus familier exploitant surtout les œuvres de Lewis Carroll mais aussi de Queneau et Ionesco de la bande dessinée etc. Les théories de Jakobson de Saussure ou de Benveniste sont ainsi revivifiées par une réflexion qui interroge la littérature comme une preuve des mécanismes de la langue. Stimulant. *Semiotics and Linguistics in Alice's Worlds* Rachel Fordyce, Carla Marengo, 2012-05-02 No detailed description available for Semiotics and Linguistics in Alice's Worlds. **Bibliography of Semiotics, 1975-1985**, 1986-01-01 This bibliography of semiotic studies covering the years 1975-1985 impressively reveals the world-wide intensification in the field. During this decade national semiotic societies have been founded all over the world, a great number of international, national and local semiotic conferences have taken place, the number of periodicals and book series devoted to semiotics has increased, as has the number of books and dissertations in the field. This bibliography is the result of a dedicated effort to approach complete coverage. *Traductio* Dirk Delabastita, 2016-04-08 Nothing like wordplay can make differences between languages look so uncompromising, can give such a sharp edge to the dilemma between forms and effects, can so blur the line between translation and adaptation or can cast such harsh light on our illusion of complete semantic stability. In the pun the whole language system may resonate and so may literary traditions and ideological discourses. It follows that the pun does not only put translators to the test; it also poses a challenge to the views and concepts of those who study translation. This book brings together experts on translation and the pun as well as researchers representing a variety of other relevant disciplines and schools of thought ranging from theology to deconstruction and from contrastive linguistics to feminism. It can be read as a companion volume to *Wordplay and Translation*, a special issue of *The Translator* Volume 2 Number 2 1996 also edited by Dirk Delabastita. **Interdisciplinary Essays on Cannibalism** Giulia Champion, 2021-05-19 *Interdisciplinary Essays on Cannibalism: Bites Here and There* brings together a range of works exploring the evolution of cannibalism literally and metaphorically, diachronically and across disciplines. This edited collection aims to promote a conversation on the evolution and the different uses of the tropes and figures of cannibalism in order to understand and deconstruct the fascination with anthropophagy, its continued afterlife and its relation to different disciplines and spaces of discourse. In order to do so, the contributing authors shed a new light not only on the concept but also propose to explore cannibalism through new optics and theories. Spanning 15 chapters, the collection explores cannibalism across disciplines and fields from Antiquity to contemporary speculative fiction, considering history, anthropology, visual and film studies, philosophy, feminist theories, psychoanalysis and museum practices. This collection of thoughtful and thought-provoking scholarly contributions suggests the importance of cannibalism in understanding human history and social relations. *Perception et langage* Chantal
