*All Things Wild And Wonderful* Kobie Kruger, 2012-10-09 In *All Things Wild and Wonderful* Kobie Kruger brings us further stories of her life in the Kruger National Park where her husband was a game ranger. After eleven years in the remote Mahlangeni region they are transferred first to Crocodile Bridge and then to Pretorius Kop. Fully at peace in the wild and lonely landscapes of the north, Kobie fears she will never adapt to the relatively people populated southern area. It takes time but eventually she is able to acknowledge that the move has shown her other Edens and has given her a store of new and precious memories. Foremost among her memories is the unique experience of raising Leo, an abandoned lion cub. It is a fascinating and emotional encounter with the king of the beasts which brings her and her family equal measures of joy and sorrow. Written with her usual warmth and humour and imbued with her love of the wilderness and all its inhabitants, this new book is truly a celebration of all things wild and wonderful. *The Wilderness Family* Kobie Kruger, 2014-11-28 When Kobie Kruger, her game ranger husband and their three young daughters moved to one of the most isolated corners of the world, a remote ranger station in the Mahlangeni region of South Africa's vast Kruger National Park, she might have worried that she would become engulfed with loneliness and boredom. Yet for Kobie and her family, the seventeen years spent in this spectacularly beautiful park proved to be the most magical and occasionally the most hair-raising of their lives. Kobie recounts their enchanting adventures and extraordinary experiences in this vast reserve, a place where, bathed in golden sunlight, hippos basked in the glittering waters of the Letaba River, storks and herons perched along the shoreline, and fruit bats hung in the sausage trees. But as the Krugers settled in, they discovered that not all was peace and harmony. They soon became accustomed to living with the unexpected: the sneaky hyenas who stole blankets and cooking pots, the sinister-looking pythons that slithered into the house, and the usually placid elephants who grew foul tempered in the violent heat of the summer. And one terrible day a lion attacked Kobus in the bush and nearly killed him. Yet nothing prepared the Krugers for their greatest adventure of all: the raising of an orphaned prince, a lion cub who, when they found him, was only a few days old and on the verge of death. Reared on a cocktail of love and bottles of fat-enriched milk, Leo soon became an affectionate, rambunctious and adored member of the family. It is the rearing of this young king and the hilarious endeavours to teach him to become a real lion who could survive with his own kind in the wild that lie at the heart of this endearing memoir. It is a memoir of a magical place and time that can never be recaptured. ***The Catholic Directory of Southern Africa*, 1966**

**Stories of the Liberation Struggles in South Africa** Prof. Thabo Israel Pudi, 2014-12-12 The *Stories of the Liberation Struggles in South Africa* Mpumalanga Province Book II is a continuation of the *Stories of the Liberation struggle stories* from Book I as told by the people of South Africa about their experiences and contributions to the ultimate victory over oppression, domination and apartheid. Many books and documentaries and even other forms of media when discussing the liberation struggles in South Africa have focused on stories or experiences as told by well-known individuals. This, to some

extent has created an impression that the struggle was fought by known individuals and leaders and it is only the known individuals and the leadership that have experienced the wrath of the police the army or the might of the South African regime In actual fact the truth is that the leadership was there to fuel and to organize the struggle and the masses Out of spontaneity and the resistance to oppression the struggle was automatically born In this book and Part II the contributors tell of stories about the struggle that they witnessed or have affected them directly Apartheid and oppression was in actual fact against all nonwhite people and not only against leaders The foot soldiers or people on the ground who waged the real battles when they destroyed targets and defied the state of emergencies and survive teargas and gunshots are the ones that will tell stories that even the so called leaders will have to hear and learn from them Some of the stories the stories of bravery the stories of sacrifice the stories of escape and the stories of resistance against the forces that were intend on undermining the human dignity of the black masses will be heard for the first time by some of the leadership that are still alive Suffice it to say that the reason is that the media reporting has been biased against these individuals who may have been perceived to be nobodies As is evident in this book they may be nobodies but the stories that they tell are worth the while It is indeed true that every story has more than one side the side told by the leadership the side told by the media which in many instances are driven by sensation or allegiance to the leadership and the side told by the others I marvel at the words of the wise that there are three sides to each story side of the story the other man side of the story and the true version of the story This book is not about to judge as to which side of the story is true or appropriate but to make available a platform from which even the unknown will have to tell their own stories about their suffering and the liberation struggles in South Africa Is it not better to read the stories from those who have experience of them rather than those who heard about them

**Women: Wise, Optimistic, Motivating, Empowering & Nurturing** Letlhokwa George Mpedi, 2024-08-05 Women s Day celebrated annually on the 9th of August commemorates the 1956 women s march against the discriminatory pass laws during the apartheid era It was on this day that women from across the nation were led by Helen Joseph Lillian Ngoyi Rahima Moosa and Sophia Williams De Bruyn to the Union Buildings to protest against the oppressive pass laws As SA History describes it The 1956 Women s March played a vital role in women becoming more visible participants in the anti apartheid struggle That is not to say that women were not already playing an instrumental role in the struggle But as history has long demonstrated this is often a forgotten aspect of our narrative This unfortunate omission underscores the importance of reclaiming and preserving these stories weaving them into the broader narrative of societal progress As we reflect on their fight and the impact of their war cry wathint abafazi wathint imbokodo uza kufa which translates to when you strike the women you strike a rock you will be crushed you will die we are given pause to reflect on the progress made in the fight for equality since then We now live in a democratic society where many of our aspirations have been realised Yet there is much we have not managed to achieve To say that South Africa has achieved equality would be a fallacy A grim reality is that in many aspects

we have failed women Pay parity underrepresentation in industries unequal access to opportunities disturbing levels of violence sexism and misogyny persist unabated These issues cast a long shadow over our aspirations as a nation This book aims to shed light on these issues while honouring the progress made and highlighting the road ahead **All About South Africa** Rob Marsh,2013-07-22 All About South Africa is a comprehensive reference book for all South African children with enquiring minds and a lively interest in the world around them Packed with colourful photographs and illustrations the simple and thematically presented text is both easy to read and to understand This fascinating introduction to our country looks at life in southern Africa long long ago and explores the culture of our land and the people who helped shape our unique South African community It provides an intriguing insight into the ever changing world of science and technology and our sometimes puzzling economy This valuable reference work also introduces young readers to our equally important natural heritage the coasts mountains and climate of the land and the country s rich variety of wildlife Now in it s 7th print edition and fully updated this well researched and visually stimulating volume offers all this information and much much more Complemented by lists of recommended place to see All About South Africa is an essential addition to the bookshelf of every South African child Bulletin of the World Health Organization World Health Organization,2001 *Bantoe* ,1974 **South Africa** ,1984 The Southern African Development Directory ,1996
