Kipling's Children's Literature Sue Walsh,2016-04-22 Despite Kipling s popularity as an author and his standing as a politically controversial figure much of his work has remained relatively unexamined due to its characterization as children s literature Sue Walsh challenges the apparently clear division between children s and adult literature and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general For example why are some of Kipling s books viewed as children s literature and what critical assumptions does this label produce Why is it that *Kim* is viewed by critics as transcending attempts at categorization Using Kipling as a case study Walsh discusses texts such as *Kim* *The Jungle Books* *The Just So Stories* *Puck of Pook s Hill* and *Rewards and Fairies* re evaluating earlier critical approaches and offering fresh readings of these relatively neglected works In the process she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children s literature in particular has tended to supersede and obstruct other kinds of readings

Philip Pullman and the Historical Imagination Kristen Poole,2025-03-15 *Philip Pullman and the Historical Imagination* takes the general reader on a fascinating tour of seventeenth century thought exploring how this time

period shaped Pullman's extraordinary trilogies *His Dark Materials* and *The Book of Dust*. In Part One readers are taken into the mysteries of Renaissance allegory and hieroglyphics tracing how the alethiometer and Lyra's way of reading the device emerged from these traditions. Part Two enters the exciting and revolutionary world of seventeenth century science. We see how the amber spyglass imitates Galileo's telescope how early modern fantasies of space travel led to ideas of multiple worlds how alchemy entered Lyra's later adventures in Oxford and Prague and how the concept of Dust shares in the physics and philosophies of early scientists like Margaret Cavendish. Part Three invites readers into the thrilling epic poem *Paradise Lost*. John Milton's dramatic account of the creation of the world following a violent war in Heaven that was Pullman's inspiration for *His Dark Materials*. Pullman's vibrant re-telling of this core story brings us rebel angels recasts Satan as a brooding Lord Asriel and presents Lyra as the new Eve. Written by an eminent scholar of seventeenth century literature and history Philip Pullman and the *Historical Imagination* is crafted in an engaging and accessible style aimed at popular readers and fans of Pullman's work. It enlivens a historical period that has long attracted Pullman himself bringing to life intriguing figures and the richly complex ideas of the time. This book is an exploration of history through the worlds and characters Pullman has invented. Ultimately it not only reveals how seventeenth century history helps readers better understand Pullman's novels but shows how reading history through the lens of Pullman's imagination offers new ways of thinking about the past.

Critical Approaches to Teaching the High School Novel Crag Hill, Victor Malo-Juvera, 2018-10-25 This edited collection will turn a critical spotlight on the set of texts that has constituted the high school canon of literature for decades. By employing a set of fresh vibrant critical lenses such as youth studies and disabilities studies that are often unfamiliar to advanced students and scholars of secondary English this book provides divergent approaches to traditional readings and pedagogical practices surrounding these familiar works.
