And Then There Was One:

And Then There Was One Patricia Gussin, 2010-10-04 New York Times and USA Today Best Selling Author Reaches Deep into the Heart of Any Parent's Worst Nightmare Nine years ago Katie and Scott Monroe were blessed beyond their wildest dreams with identical triplets Sammie, Alex, and Jackie. Three beautiful daughters and two adoring parents formed the picture perfect party of five. But this tight knit family unravels when the three little girls go to see a movie but only one emerges from the darkness of the theater. How could Sammie and Alex vanish without a trace? Plunged into the abyss of a parent's worst fear, Katie and Scott hang by a thread, waiting, worrying, not knowing, and confronting the terrifying realization that the kidnapping may not have been a random act. Who took Sammie and Alex? Why? Where are they? When will they be found? And what if they're never found or not found alive? When Jackie, the remaining triplet, crumbles under the weight of grief and survivor's guilt, Katie and Scott struggle to hold out hope and hold on to what remains of their family. Until, or unless, Sammie and Alex are found safe, this picture perfect family can't be put back together again. Perfect for fans of Lisa Unger and Alafair Burke.

And Then There Was The One Martha Waters, 2025-10-14 From Martha Waters, the author of the enchanting *Entertainment Weekly* Regency Vows series, a new historical romance set in 1930s England with a murder mystery twist. In a quaint village in the Cotswolds, Georgiana Radcliffe has accidentally become an amateur detective after helping solve four murders in a single year. When the chairman of the village council turns up dead, everyone agrees with the official ruling of a heart attack, but Georgie can't help but suspect that the council chairman is a fifth victim. Now murder tourists are flocking from around the country in hopes of becoming sleuths themselves. Along with her reporter friend, she reaches out to a famous London detective for assistance in ascertaining why they have become a magnet for murder. But the fancy detective is simply too busy or can't be bothered to help and instead dispatches his

secretary Sebastian Fletcher Ford a posh womanizer who truthfully is just trying to get out of his hair much to practical no nonsense Georgie's dismay But as they investigate in the charming Buncombe upon Woolly with plentiful scones sheep on the village green and murder tourists at every turn Georgie finds that her previous assessment of Sebastian may have been wrong and rather than solving a murder she may be solving for love instead **Then There Was One: The U.S.S.**
