Animal Rights Current Debates And New Directions:

Animal Rights Cass R. Sunstein, Martha C. Nussbaum, 2004-04-01 Cass Sunstein and Martha Nussbaum bring together an all star cast of contributors to explore the legal and political issues that underlie the campaign for animal rights and the opposition to it Addressing ethical questions about ownership protection against unjustified suffering and the ability of animals to make their own choices free from human control the authors offer numerous different perspectives on animal rights and animal welfare They show that whatever one s ultimate conclusions the relationship between human beings and nonhuman animals is being fundamentally rethought This book offers a state of the art treatment of that rethinking

Jurisdiction in Deleuze: The Expression and Representation of Law Edward Mussawir, 2011-03-03 Jurisdiction in Deleuze The Expression and Representation of Law pursues an emerging interest in the conceptual thematic of jurisdiction within legal studies as it maintains that an adequate understanding of the power of law requires an attention not just to law s formal aspects but to its technology its institution and its instrumentality not just to the representation of law but to its expression

Animal Lives Matter Raymond Wacks, 2024-02-13 Animal Lives Matter provides a comprehensive analysis of the legal philosophical and ethical aspects of animal rights It argues that the subject extends beyond the matter of our obligations towards animals to include our wider responsibilities for protecting the environment Drawing on numerous moral political legal religious and philosophical theories including utilitarianism deontology rights theory social contractarianism and the capabilities approach the author meticulously examines the questions of sentience speciesism personhood and human exceptionalism Lucid nuanced and academically rigorous this important book will be an essential resource for scholars of law politics philosophy ethics as well as policy makers and the general reader

The Rise of Critical Animal Studies Nik Taylor, Richard Twine, 2014-04-16 As the scholarly and interdisciplinary study of human animal relations becomes crucial to the urgent questions of our time notably in relation to environmental crisis this collection explores the inner tensions within the relatively new and broad field of animal studies This provides a platform for the latest critical thinking on the condition and experience of animals The volume is structured around four sections engaging theory doing critical animal studies critical animal studies and anti capitalism contesting the human liberating the animal veganism and activism The Rise of Critical Animal Studies demonstrates the centrality of the contribution of critical animal studies to vitally important contemporary debates and considers future directions for the field This edited collection will be useful for students and scholars of sociology gender studies psychology geography and social work

Animals and Animality in the Babylonian Talmud Beth A. Berkowitz, 2018-04-19 Animals and Animality in the Babylonian Talmud selects key themes in animal studies animal intelligence morality sexuality suffering danger personhood and explores their development in the Babylonian Talmud Beth A Berkowitz demonstrates that distinctive features of the Talmud the new literary genre the convergence of Jewish Christian and Zoroastrian cultures the Talmud s remove from Temple centered biblical Israel led to unprecedented

possibilities within Jewish culture for conceptualizing animals and animality She explores their development in the Babylonian Talmud showing how it is ripe for reading with a critical animal studies perspective When we do we find waiting for us a multi layered surprisingly self aware discourse about animals as well as about the anthropocentrism that infuses human relationships with them For readers of religion Judaism and animal studies her book offers new perspectives on animals from the vantage point of the ancient rabbis *Pharming* Eckard Rehbinder, Margret Engelhard, Kristin Hagen, R. B. Jørgensen, Rafael Pardo Avellaneda, Angelika Schnieke, Felix Thiele, 2008-09-27 Recent scientific advances have made it possible to produce biopharmaceuticals in genetically modified plants and animals such as maize tobacco goats and chickens This new branch of biotechnology is termed pharming composed of the terms pharmaceuticals and farming Pharming constitutes an overlap of red and green biotechnology It offers the prospect of a quicker cheaper and more flexible production of biopharmaceuticals compared with current production processes This is a promising perspective in light of the rapidly growing market of biopharmaceuticals although the economic competitiveness of pharming remains to be proven Besides possible benefits for producers patients and health care systems pharming also raises a number of complex ecological social moral and legal questions that have as yet not been thoroughly discussed The present book contains the findings of an interdisciplinary research project that has addressed a large range of questions associated with pharming An analysis of the state of the art of plant pharming and animal pharming technologies is followed by an assessment of environmental risks related to pharming and welfare risks for pharming animals Public views and attitudes to pharming are investigated on the basis of a comprehensive survey in 15 countries Moreover ethical and legal questions posed by present and foreseeable future practices of pharming are analysed The concluding chapter presents the authors main findings and recommendations addressed to science industry politics and general public interested in the chances and risks of this upcoming field of biotechnology *Environment, Political Representation and the Challenge of Rights* Mihnea Tanasescu, 2016-01-26 Tanasescu examines the rights of nature in terms of its constituent parts Besides offering a thorough theoretical grounding the book gives a first detailed overview of the actual cases of rights for nature so far This is the first comprehensive treatment of the rights of nature to date both analytically and in terms of actual cases *Agency and Democracy in Development Ethics* Lori Keleher, Stacy J. Kosko, 2019-03-14 Economists philosophers and policy experts from the Global North and South advance the conversation on the ethical dimensions of agency and democracy in development These diverse essays from leading development academics and practitioners will interest students and scholars of global justice international development and political philosophy ***Understanding Animal Welfare*** Edward N. Eadie, 2012-08-31 This book examines the content and influence of selected books published over the last fifty years that have influenced improvements in animal welfare Offers the necessary basis for an informed and comprehensive approach to improving the welfare of animals *Rethinking Moral Status* Steve Clarke, Hazem Zohny, Julian Savulescu, 2021 Scientific

and technological advancements have allowed us to create beings that blur the distinctions between human non human animal and non biological beings which challenge our assumptions about moral status This volume explores our responses to these challenges and reflects on ordinary presuppositions and intuitions about moral status
