A Covenant of Creatures Michael Fagenblat, 2010-06-03 I am not a particularly Jewish thinker said Emmanuel Levinas I am just a thinker This book argues against the idea affirmed by Levinas himself that Totality and Infinity and Otherwise Than Being separate philosophy from Judaism By reading Levinas s philosophical works through the prism of Judaic texts and ideas Michael Fagenblat argues that what Levinas called ethics is as much a hermeneutical product wrought from the Judaic heritage as a series of phenomenological observations Decoding the Levinas s philosophy of Judaism within a Heideggerian and Pauline framework Fagenblat uses biblical rabbinic and Maimonidean texts to provide sustained interpretations of the philosopher s work Ultimately he calls for a reconsideration of the relation between tradition and philosophy and of the meaning of faith after the death of epistemology

Embracing Vulnerability Roberto Sirvent, 2017-04-27 Arguments in favour of divine impassibility take many forms one of which is moral This argument views emotional risk vulnerability suffering and self love as obstacles to moral perfection In *Embracing Vulnerability Human and Divine* the author challenges these mistaken assumptions about moral judgment Through an analysis of Hebrew thought and modern philosophical accounts of love justice and emotion Roberto Sirvent reveals a fundamental incompatibility between divine impassibility and the Imitation of God ethic imitatio Dei This book shows that a God who is not emotionally vulnerable is a God unworthy of our imitation But in what sense can

we call divine impassibility immoral To be sure God's moral nature teaches humans what it means to live virtuously But can human understandings of morality teach us something about God's moral character If true how should we go about judging God's moral character Isn't it presumptuous to do so After all if we are going to challenge divine impassibility on moral grounds what reason do we have to assume that God is bound by our standards of morality Embracing Vulnerability Human and Divine addresses these questions and many others In the process Sirvent argues for the importance of thinking morally about theology inviting scholars in the fields of philosophical theology and Christian ethics to place their theological commitments under close moral scrutiny and to consider how these commitments reflect and shape our understanding of the good life
