Angry Mind Finding Peace In Your Life:

Angry Mind Charles Lamont, 2015-06-25 Anger is one of the most common feelings experienced by human beings. As a matter of fact, feelings of annoyance, irritation, and anger are emotions that are unavoidable because they are linked to the human nature. However, it is important to understand that anger comes with its own set of rigid beliefs and blinders. It not only narrows your thinking but also sets you in a cycle of blame game. By covering its tracks, anger makes you absolutely certain that your view in a particular situation is 100 percent accurate. What makes matters worse is that any emotion you feel at the time when you are angry enhances the odds that next time you will feel the same emotion. Anger has insidious ways of controlling your mind, dominating your days, and ultimately your life. Anger, like any other negative emotion, is part of our daily experiences, and you do not necessarily have to become a victim of it. Psychological science makes it absolutely clear that the power to cultivate or prolong angry experiences is squarely in your hands. Anger does not have to become your lifestyle. Science has documented what anger can do when you allow it to become your baseline or first impulse. Among the things you stand to suffer include strained relationships, compromised health, and unhappiness. If anger has in one way or another come to rule and ruin your life, you have the opportunity to change all that and write a different script. This book can help you achieve that. It draws on ancient wisdom and 21st-century breakthroughs to calm your angry mind. In it, you will learn the core practices of compassion and mindfulness, as well as how and when to deploy them. **Change Your Mind, Change Your Life**

Gerald G. Jampolsky, MD, Diane V. Cirincione, 2009-10-14 Most of us want to change the world, but only a few of us are willing to change our own minds. Yet there is a shift taking place in the world where more and more people are recognizing that it is our own thoughts and attitudes that determine how we look at the world and ultimately what we see. This book is for people of all ages, religions, and cultures who have a desire and a willingness to change the thoughts in their minds. *Mindfulness Plain & Simple* Oli Doyle, 2014-07-31 MINDFULNESS PLAIN SIMPLE provides the tools, tips, and tricks you need to de-stress and de-clutter your mind. Inner peace and happiness are available now, and they're closer than you think. By taking just a few minutes out of your day and making the simple but dramatic shift into the present moment, you will find more focus, effectiveness, and clarity than you ever thought possible. There is no jargon, religion, or new-age vision quest; just simple tools to be happier and more confident straight away. Oli Doyle is renowned for teaching mindfulness directly to those with no experience. For anyone seeking a simple practical guide to living mindfully, this book is a must.

'Whatever Happened to George?' Lynda Goodwin, Michael Goodwin, 2013-04-02 George Eastwood is a fifty-two-year-old middle-aged man, husband, and proud father of two grown children. George has been brought up within the old traditional values of working hard for a living and getting on with life, no matter what it may throw at you. The problem is life is not being very kind to him at the moment; he is getting older, out of work, and the demands of family life are pushing him to the edge of despair. He feels anxious and depressed and can't seem to look forward to anything that can make him feel better. Then one

day he finds himself on his way to a job interview with a promise that it could be just what he needs to turn his life around As he rushes to cross the busy road to catch his train he is helplessly hacked down by a speeding car driven by a seventeen year old drop out Georges story continues as he wakes up in strange surroundings an old Library containing the knowledge of the universe It is within this place of no time but all time that he looks around believing he is dead but yet not dead and then the strangest of occurrences takes place He is confronted by a voice that speaks to him of his true destiny a voice that gives reason to a world that has become confused and lost within the false identity that has created it He is astounded as a friendship is pulled together and the big fundamental questions of who we truly are and our purpose upon the earth are revealed to him in a series of conversations and reflections that lead him towards peace forgiveness the relinquishment of fear and finally to know that life can be happy on the earth plane when the false self that has held us tightly in its grip for thousands of years is finally released George is fascinated by the voice that holds all the answers to a freedom that has been long lost but even more astonished to know that the voice is his own his own true self [Guided Buddhist Meditations](#)

BEAUTIFULLY BROKEN Ann Michael, 2022-08-30 Beautifully Broken was born many years prior to the first words hitting the pages of this book My experience with suicide started as a child with my mother's suicide attempts and continued with the loss of one of my best friends while I was in college After that loss my brother attempted suicide and one of my first true loves took his life and my father also died from suicide My husband was my strength and the only way I survived the loss of my father and just a couple years before this book became real he himself took his own life The journey through loss from suicide is unlike any other loss There are more layers of grief and more challenges with a suicide than anyone could ever be prepared to face It is my hope that what I have learned and have experienced may help others in facing this horrible type of loss Suicide can be a haunting and I pray that Beautifully Broken is a way to turn the light into the darkness and lead you through with someone that knows what you are feeling and how to navigate through the dark places
