

A close-up, high-contrast photograph of an animal's face, likely a primate, serves as the background. The focus is on the animal's eye and the texture of its fur. The lighting is dramatic, with deep shadows and bright highlights on the animal's features.

Why Vegan? Peter Singer, 2020-10-20 In a world reeling from a global pandemic never has a treatise on veganism from our foremost philosopher on animal rights been more relevant or necessary Peter Singer may be the most controversial philosopher alive he is certainly among the most influential The New Yorker Even before the publication of his seminal *Animal Liberation* in 1975 Peter Singer one of the greatest moral philosophers of our time unflinchingly challenged the ethics of eating animals Now in *Why Vegan* Singer brings together the most consequential essays of his career to make this devastating case against our failure to confront what we are doing to public health and to our planet From his 1973 manifesto for *Animal Liberation* to his personal account of becoming a vegetarian in *The Oxford Vegetarians* and to investigating the impact of meat on global warming Singer traces the historical arc of the animal rights vegetarian and vegan movements from their embryonic days to today when climate change and global pandemics threaten the very existence of humans and animals alike In his introduction and in *The Two Dark Sides of COVID 19* cowritten with Paola Cavalieri Singer excoriates the appalling health hazards of Chinese wet markets where thousands of animals endure almost endless brutality and suffering but also reminds westerners that they cannot blame China alone without also acknowledging the perils of our own factory farms where unimaginably overcrowded sheds create the ideal environment for viruses to mutate and multiply Spanning more than five decades of writing on the systemic mistreatment of animals *Why Vegan* features a topical new introduction along with nine other essays including *An Ethical Way of Treating Chickens* which opens our eyes to the lives of the birds who end up on so many plates and to the lives of their parents *If Fish Could Scream* an essay exposing the utter indifference of commercial fishing practices to the experiences of the sentient beings they scoop from the oceans in such unimaginably vast numbers *The Case for Going Vegan* in which Singer assembles his most powerful case for boycotting the animal production industry And most recently in the introduction to this book and in *The Two Dark Sides of COVID 19* Singer points to a new reason for avoiding meat the role eating animals has played and will play in pandemics past present and future Written in Singer's pellucid prose *Why Vegan* asserts that human tyranny over animals is a wrong comparable to racism and sexism The book ultimately becomes an urgent call to reframe our lives in order to redeem ourselves and alter the calamitous trajectory of our imperiled planet

Ethics Into Action Peter Singer, 2019-05-17

More than twenty years after its first publication, Peter Singer's *Ethics into Action* continues to inspire new generations of activists through its portrayal of animal rights activist Henry Spira's radical combination of social pressure and tactical ingenuity. With a new preface from the author, this edition celebrates the continued importance of social movements and provides a path toward furthering changes in our world. Hailed by *The New Yorker* as one of the world's most influential living philosophers, Peter Singer is known as a founding father of the modern animal movement. In this book, he shares the remarkable story of how his friend pushed major corporations to stop inflicting needless suffering on animals. He thought of the problem as similar to squeezing toothpaste from a blocked tube. Consumer pressure was not going to be enough to have a realistic change of success; he also had to think about how to reduce the blockage. As people all over the world continue to struggle for justice, Spira's method serves as a proven model for effecting change and a positive example that can inspire all those striving for a better world for humans and for animals.
