Animal Vegetable Miracle:

Animal, Vegetable, Miracle - Tenth Anniversary Edition Barbara Kingsolver, Camille Kingsolver, Steven L. Hopp, Lily Hopp Kingsolver, 2017-05-02 A beautiful deluxe trade paperback edition celebrating the 10th anniversary of Barbara Kingsolver's New York Times bestseller which describes her family's adventure as they move to a farm in southern Appalachia and realign their lives with the local food chain. Since its publication in 2007, *Animal Vegetable Miracle* has captivated readers with its blend of memoir and journalistic investigation. Newly updated with original pieces from the entire Kingsolver clan, this commemorative volume explores how the family's original project has been carried forward through the years. When Barbara Kingsolver and her family moved from suburban Arizona to rural Appalachia, they took on a new challenge: to spend a year on a locally produced diet, paying close attention to the provenance of all they consume. Concerned about the environmental, social, and physical costs of American food culture, they hoped to recover what Barbara considers our nation's lost appreciation for farms and the natural processes of food production. Since 2007, their scheme has evolved enormously. In this new edition, featuring an afterword composed by the entire Kingsolver family, Barbara's husband Steven discusses how the project grew into a farm-to-table restaurant and community development project, training young farmers in their area to move into sustainable food production. Camille writes about her decision to move back to a rural area after college and how she and her husband incorporate their food values in their lives as they begin their new family. Lily, Barbara's youngest daughter, writes about how growing up on a farm in touch with natural processes and food chains has shaped her life as a future environmental scientist. And Barbara writes about their sheep and how they grew into her second vocation as a fiber artist, and reports on the enormous response they've received from other home growers and local food devotees. With Americans ever growing concern over an agricultural establishment that negatively affects our health and environment, the Kingsolver family's experiences and observations remain just as relevant today as they were ten years ago. *Animal Vegetable Miracle* is a modern classic that will endure for years to come. Cogent and illuminating, without sentimentality, this book captures the pulse of the farm and the deep gratification it provides, as well as the intrinsic humor of the situation. Janet Maslin, New York Times.

Animal, Vegetable, Miracle BARBARA KINGSOLVER, ***Animal, Vegetable, Miracle*** Barbara Kingsolver, Camille Kingsolver, Steven L. Hopp, 2007-05-01 Bestselling author Barbara Kingsolver returns with her first nonfiction narrative that will open your eyes in a hundred new ways to an old truth: You are what you eat. As the U.S. population made an unprecedented mad dash for the Sun Belt, one carload of us paddled against the tide heading for the Promised Land where water falls from the sky and green stuff grows all around. We were about to begin the adventure of realigning our lives with our food chain. Naturally, our first stop was to buy junk food and fossil fuel. Hang on for the ride. With characteristic poetry and pluck, Barbara Kingsolver and her family sweep readers along on their journey away from the industrial food pipeline to a rural life in which they vow to buy only food raised in their own neighborhood, grow it themselves.

or learn to live without it Their good humored search yields surprising discoveries about turkey sex life and overly zealous zucchini plants en route to a food culture that's better for the neighborhood and also better on the table Part memoir part journalistic investigation *Animal Vegetable Miracle* makes a passionate case for putting the kitchen back at the center of family life and diversified farms at the center of the American diet This is the story of a year in which we made every attempt to feed ourselves animals and vegetables whose provenance we really knew and of how our family was changed by our first year of deliberately eating food produced from the same place where we worked went to school loved our neighbors drank the water and breathed the air *Animal, Vegetable, Miracle* Barbara Kingsolver, Steven L.
