Bansak, 2003-10-09 *Cat People* 1942 and *I Walked with a Zombie* 1943 established Val Lewton's hauntingly graceful style where suggestion was often used in place of explicit violence His stylish B thrillers were imitated by a generation of filmmakers such as Richard Wallace William Castle and even Walt Disney in his animated *Adventures of Ichabod and Mr Toad* 1949 Through interviews with many of Lewton's associates including his wife and son and extensive research his life and output are thoroughly examined *Sequels* Janet G. Husband, Jonathan F. Husband, 2009 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series [Historical Dictionary of Gothic Literature](#) William Hughes, 2013 Literary fashions come and go but some hang around longer than others like Gothic literature which has existed ever since *The Castle of Otranto* in 1764 During this long while it has spread from England to the rest of Great Britain and across to the continent and off to America and Australia filling in the gaps more recently Most of it is in English but hardly all and it has adopted all styles from romanticism to modernism to postmodernism and even adjusted to feminist and queer literature and science fiction We have

all read some Gothic tales or if not read then seen them in the cinema since they adapt well to film treatment and it would be hard to find anyone who has not heard of ghosts and vampires let alone Count Dracula and Frankenstein On the other hand some of us are inveterate Gothic fans reading one book or story after the other The Historical Dictionary of Gothic Literature follows this long and winding path first in an extensive chronology and then a useful introduction which explains the nature of Gothic and shows how it has evolved Obviously the dictionary section has entries on major writers and some of the best known works but also on geographical variants like Irish Scottish or Russian Gothic and Female Gothic Queer Gothic and Science Fiction This is provided in over 200 often substantial and always intriguing entries More can be found in a detailed bibliography including general works but also more specialized ones on different styles and genres and also specific authors This book should certainly interest the fans but also more serious researchers Blood Thirst Leonard Wolf,1999-01-28 In Blood Thirst One Hundred Years of Vampire Fiction Leonard Wolf gathers thirty tales in which vampires of all varieties make their ghastly presence felt Hooked on Horror Anthony J.
