Phil Lapsley

Betting The Line Sports Wagering In American Life:

Betting the Line Richard O. Davies, Richard G. Abram, 2001 A study of gambling particularly sports gambling and how it has thrived in American culture According to Davies and Abram the culture of betting results from two complementary influences in American society risk taking and speculation This is the first effort by academic writers to describe and interpret the history of sports wagering in the United States Although many books have been written about 3how to bet and win 4 *Betting the Line* presents a serious history of this popular activity in Colonial and Civil War eras to today from early betting on horse racing and baseball to the modern venues of basketball and football By considering topics as diverse as the business of a bookie the expansion of legalized gambling and the increase in popularity of televised sports the authors offer readers an insightful look into a practice that has become commonplace in American popular culture In a mere seventy years the number of states where gambling is legal jumped from one to forty eight Yet Nevada remains the only state where sports betting is legal This book challenges many long standing myths and stereotypes that revolve around the enterprise arguing that sports gambling is reflective of the American free enterprise culture *Sports in American Life* Richard O.

Davies, 2016-05-23 The third edition of author Richard O Davies highly praised narrative of American sports *Sports in American Life A History* features extensive revisions and updates to its presentation of an interpretative history of the relationship of sports to the larger themes of U S history Updated include a new section on concussions caused by contact sports and new biographies of John Wooden and Joe Paterno Features extensive revisions and updates along with a leaner faster paced narrative than previous editions Addresses the social economic and cultural interaction between sports and gender race class and other larger issues Provides expanded coverage of college sports women in sports race and racism in organized sports and soccer s sharp rise in popularity Features an all new section that tackles the growing controversy of head injuries and concussions caused by contact sports *A Companion to American Sport History* Steven A.

Riess, 2014-03-26 *A Companion to American Sport History* presents a collection of original essays that represent the first comprehensive analysis of scholarship relating to the growing field of American sport history Presents the first complete analysis of the scholarship relating to the academic history of American sport Features contributions from many of the finest scholars working in the field of American sport history Includes coverage of the chronology of sports from colonial times to the present day including major sports such as baseball football basketball boxing golf motor racing tennis and track and field Addresses the relationship of sports to urbanization technology gender race social class and genres such as sports biography Awarded 2015 Best Anthology from the North American Society for Sport History NASSH **American Beasts** Roman Bartosch, Keridiana Chez, Brigitte Fielder, Katherine C. Grier, Andrew Howe, Michael Malay, Neill Matheson, Dominik Ohrem, Olaf Stieglitz, Aimee Swenson, 2017-01-18 In American history animals are everywhere They are a ubiquitous presence in myriad historical literary biographical scientific and other documents and narratives of the American past a past that just

like the present was shaped by a multiplicity of relations between humans and other creatures ranging from coexistence and conviviality to hostility subjugation and extermination While such quintessentially American species as the bison the mustang or the grizzly continue to roam the discursive imaginary and now to a much lesser degree the geographical spaces of the nation the less iconic creatures of civilization the various species of domesticated working and companion animals have arguably played an even more critical role in the genesis of modern American culture and society throughout the long nineteenth century Until recently however despite their ubiquity in historical documents social relations and cultural productions animals have rarely been of serious interest to mainstream historians American Beasts argues that an adequate understanding of American history and indeed of human history more broadly requires a sustained engagement with its multifaceted more than human dimensions The contributions collected here offer various insights into the broad relevance of animality and human animal relations from the culture of pet keeping and the role of animals and animality in the context of slavery and abolition to the emergence of animal athletes at the turn of the twentieth century as aspects that have always influenced all areas of American society In addition by highlighting the ways in which human animal relations crucially shaped the relations of power between different groups of humans American Beasts shows that a stronger concern with animals and animality also allows us to address the complex intersections between the history of human animal relations and the histories of for example race class and gender in the United States in the time from the early national period to the Progressive Era

Sports in America from Colonial Times to the Twenty-First Century: An Encyclopedia Steven A. Riess, 2015-03-26 A unique new reference work this encyclopedia presents a social cultural and economic history of American sports from hunting bowling and skating in the sixteenth century to televised professional sports and the X Games today Nearly 400 articles examine historical and cultural aspects of leagues teams institutions major competitions the media and other related industries as well as legal and social issues economic factors ethnic and racial participation and the growth of institutions and venues Also included are biographical entries on notable individuals not just outstanding athletes but owners and promoters journalists and broadcasters and innovators of other kinds along with in depth entries on the history of major and minor sports from air racing and archery to wrestling and yachting A detailed chronology master bibliography and directory of institutions organizations and governing bodies plus more than 100 vintage and contemporary photographs round out the coverage

Gangsters to Governors David Clary, 2017-10-30 Winner of the 2018 Current Events Social Change Book Award from the Next Generation Indie Book Awards Winner of the 2018 Bronze Current Events Book Award from the Independent Publisher Book Awards Generations ago gambling in America was an illicit activity dominated by gangsters like Benny Binion and Bugsy Siegel Today forty eight out of fifty states permit some form of legal gambling and America's governors sit at the head of the gaming table But have states become addicted to the revenue gambling can bring And does the potential of increased revenue lead them to place risky bets on new casinos lotteries and online games In

Gangsters to Governors journalist David Clary investigates the pros and cons of the shift toward state run gambling Unearthing the sordid history of America s gaming underground he demonstrates the problems with prohibiting gambling while revealing how today s governors all competing for a piece of the action promise their citizens payouts that are rarely delivered Clary introduces us to a rogue s gallery of colorful characters from John Old Smoke Morrissey the Irish born gangster who built Saratoga into a gambling haven in the nineteenth century to Sheldon Adelson the billionaire casino magnate who has furiously lobbied against online betting By exploring the controversial histories of legal and illegal gambling in America he offers a fresh perspective on current controversies including bans on sports and online betting Entertaining and thought provoking Gangsters to Governors considers the past present and future of our gambling nation Author s website <http://www.davidclaryauthor.com> *All In* Jonathan D Cohen, David G. Schwartz, 2018-03-30 Gambling the risky enterprise of chance is one of America s favorite pastimes Office March Madness brackets a day at the race track a friendly wager the random ridiculous Super Bowl prop bet bingo night or the latest media frenzy over the Powerball jackpot all emphasize the ubiquity of this major economic force and cultural phenomenon Approximately 70 percent of Americans regularly engage in some form of betting amounting to over 140 billion in combined casino and lottery revenue every year A hundred years ago however legal gambling was a rarity in the United States A fresh take on the history of modern American gambling *All In* provides a closer look at the shifting economic cultural religious and political conditions that facilitated gambling s expansion and prominence in American consumerism and popular culture In its pages a diverse range of essays covering commercial and Native American casinos sports betting lotteries bingo and more piece together a picture of how gambling became so widespread over the course of the twentieth century Drawing from a range of academic disciplines this collection explores five aspects of American gambling history crime advertising politics religion and identity In doing so *All In* illuminates the on the ground debates over gambling s expansion the failed attempts to thwart legalized betting and the consequences of its present ubiquity in the United States **Exploding the Phone** Phil Lapsley, 2013-02-05 A rollicking history of the telephone system and the hackers who exploited its flaws Kirkus Reviews starred review Before smartphones back even before the Internet and personal computers a misfit group of technophiles blind teenagers hippies and outlaws figured out how to hack the world s largest machine the telephone system Starting with Alexander Graham Bell s revolutionary harmonic telegraph by the middle of the twentieth century the phone system had grown into something extraordinary a web of cutting edge switching machines and human operators that linked together millions of people like never before But the network had a billion dollar flaw and once people discovered it things would never be the same Exploding the Phone tells this story in full for the first time It traces the birth of long distance communication and the telephone the rise of AT T s monopoly the creation of the sophisticated machines that made it all work and the discovery of Ma Bell s Achilles heel Phil Lapsley expertly weaves together the clandestine underground of phone phreaks who turned the

network into their electronic playground the mobsters who exploited its flaws to avoid the feds the explosion of telephone hacking in the counterculture and the war between the phreaks the phone company and the FBI The product of extensive original research Exploding the Phone is a groundbreaking captivating book that does for the phone phreaks what Steven Levy s Hackers did for computer pioneers Boing Boing An authoritative jaunty and enjoyable account of their sometimes comical sometimes impressive and sometimes disquieting misdeeds The Wall Street Journal Brilliantly researched The Atlantic A fantastically fun romp through the world of early phone hackers who sought free long distance and in the end helped launch the computer era The Seattle Times

Namath: A Biography Mark Kriegel, 2005-07-26 In between Babe Ruth and Michael Jordan there was Joe Namath one of the few sports heroes to transcend the game he played Novelist and former sports columnist Mark Kriegel s bestselling biography of the iconic quarterback details his journey from steel town pool halls to the upper reaches of American celebrity and beyond The first of his kind Namath enabled a nation to see sports as show biz For an entire generation he became a spectacle of booze and broads a guy who made bachelorhood seem an almost sacred calling but it was his audacious guarantee of victory in Super Bowl III that ensured his legend This unforgettable portrait brings readers from the gridiron to the go go nightclubs as Kriegel uncovers the truth behind Broadway Joe and why his legend has meant so much to so many

Cutting The Wire David G. Schwartz, 2005-08-19 The story of the Wire Act and how Robert Kennedy s crusade against the Mob is creating a new generation of Internet gaming outlaws Gambling has been part of American life since long before the existence of the nation but Americans have always been ambivalent about it What David Schwartz calls the pell mell history of legal gaming in the United States is a testament to our paradoxical desire both to gamble and to control gambling It is in this context that Schwartz examines the history of the Wire Act passed in 1961 as part of Attorney General Robert F Kennedy s crusade against organized crime and given new life in recent efforts to control Internet gambling Cutting the Wire presents the story of how this law first developed how it helped fight a war against organized crime and how it is being used today The Wire Act achieved new significance with the development of the Internet in the early 1990s and the growing popularity of online wagering through offshore facilities The United States government has invoked the Wire Act in a vain effort to control gambling within its borders at a time when online sports betting is soaring in popularity By placing the Wire Act into the larger context of Americans continuing ambivalence about gambling Schwartz has produced a provocative analysis of a national habit and the vexing predicaments that derive from it In America today 48 of 50 states currently permit some kind of legal gambling Schwartz s historical unraveling of the Wire Act exposes the illogic of an outdated law intended to stifle organized crime being used to set national policy on Internet gaming Cutting the Wire carefully dissects two centuries of American attempts to balance public interest with the technology of gambling Available in hardcover and paperback
