Beyond Citizenship American Identity After Globalization Beyond Citizenship American Identity After Globalization:

Beyond Citizenship Peter J. Spiro, 2008-02-01 Spiro takes readers on an engaging historical and conceptual exploration of how citizenship law has set and reflected the boundaries of national community and an American national character Against this broad tableau Spiro shows how territorial presence through birth or residence resolved the peculiar challenges of American identity But as globalization eclipses the significance of space citizenship status becomes detached from any sense of actual community on the ground The global diffusion of American political values and cultural production further erodes the possibility of a drawing a meaningful line between the us and them The Oxford Handbook of Citizenship Ayelet Shachar, Rainer Bauboeck, Irene Bloemraad, Maarten Vink, 2017-08-03 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance The Oxford Handbook of Citizenship brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today's political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today's world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism **American Identity and the Politics of Multiculturalism** Jack Citrin, David O. Sears, 2014-08-11 This book uses national public opinion data and public opinion data from Los Angeles to compare ethnic differences in patriotism and ethnic identity and ethnic differences in support for multicultural norms and group conscious policies The authors find evidence of strong patriotism among all groups and the classic pattern of assimilation among the new wave of immigrants *Within and Beyond Citizenship* Roberto G. Gonzales, Nando Sigona, 2017-07-06 Within and

Beyond Citizenship brings together cutting edge research in sociology and social anthropology on the relationship between legal status rights and belonging in contemporary societies of immigration to offer a daring new perspective on these questions It offers new insights into the ways in which political membership is experienced spatially and bureaucratically constructed and actively negotiated and contested in the everyday lives of citizens and non citizens

Beyond a Border Peter Kivisto, Thomas Faist, 2009-12-08 The most up to date analysis of today s immigration issues As the authors state in Chapter 1 the movement of people across national borders represents one of the most vivid dramas of social reality in the contemporary world This comparative text examines contemporary immigration across the globe focusing on 20 major nations Noted scholars Peter Kivisto and Thomas Faist introduce students to important topics of inquiry at the heart of the field including Movement Explores the theories of migration using a historical perspective of the modern world Settlement Provides clarity concerning the controversial matter of immigrant incorporation and refers to the varied ways immigrants come to be a part of a new society Control Focuses on the politics of immigration and examines the role of states in shaping how people choose to migrate Key Features Provides comprehensive coverage of topics not covered in other texts such as state and immigration control focusing on policies created to control migratory flow and evolving views of citizenship Offers a global portrait of contemporary immigration including a demographic overview of today s cross border movers Offers critical assessments of the achievements of the field to date Encourages students to rethink traditional views about the distinction between citizen and alien in this global age Suggests paths for future research and new theoretical developments Beyond a Border is a part of the SAGE Pine Forge Sociology for a New Century Series It offers professors a powerful and timely option to incorporate the topic of immigration in their courses Contributor to the SAGE Teaching Innovations and Professional Development Award

The Cultural Defense of Nations Liav Orgad, 2015-11-05 The Cultural Defense of Nations presents a timely thought provoking thesis on some of the most pressing issues of our time global immigration majority groups and national identity Never in human history has so much attention been paid to human movement Global migration yields demographic shifts of historical significance profoundly shaking up world politics as has been seen in the refugee crisis the Brexit referendum and the 2016 U S election The Cultural Defense of Nations addresses one of the greatest challenges facing liberalism today is a liberal state justified in restricting immigration and access to citizenship in order to protect its majority culture Liberal theorists and human rights advocates recognize the rights of minorities to maintain their unique cultural identity but assume that majorities have neither a need for similar rights nor a moral ground for defending them The majority culture so the argument goes can take care of itself However with more than 250 million immigrants worldwide majority groups increasingly seek to protect what they consider to be their national identity In recent years liberal democracies have introduced proactive immigration and citizenship policies that are designed to defend the majority culture This book shifts the focus from the prevailing discussion of cultural minority rights and for the first time addresses the cultural rights of

majorities It proposes a new approach by which liberal democracies can welcome immigrants without fundamentally changing their cultural heritage forsaking their liberal traditions or slipping into extreme nationalism Disregarding the topic of cultural majority rights is not only theoretically wrong but also politically unwise With forms of majority nationalism rising and the growing popularity of extreme right wing parties in the West time has come to liberally address the new challenge

Revoking Citizenship Ben Herzog, Ediberto Román, 2017-03 In *Revoking Citizenship* Ben Herzog reveals America's long history of stripping citizenship away from both naturalized immigrants and native born citizens Tracing this history from the nation's beginnings through the War on Terror Herzog locates the sociological political legal and historic meanings of revoking citizenship Why when and with what justification do states take away citizenship from their subjects Using the history and policies of revoking citizenship as a lens the book examines describes and analyzes the complex relationships between citizenship immigration and national identity

Migrations: Interdisciplinary Perspectives Michi Messer, Renee Schroeder, Ruth Wodak, 2012-05-26 This volume covers the most important contributions to and discussions at the international symposium *Migrations Interdisciplinary Perspectives* 1-3 July University of Vienna organised by Renee Schroeder and Ruth Wodak which was dedicated to the multiple interdisciplinary dimensions of migrations both from the viewpoints of the Social Sciences and Humanities as well as from the manifold perspectives of the Natural Sciences The book is organized along the following dimensions Urban Development and Migration Peer Relations in Immigrant Adolescents Methodological Challenges and Key Findings Migration Identity and Belonging Migration in and Ego Documents Debating Migration Fundamentals of Diffusion and Spread in the Natural Sciences and beyond Media Representations of Migrants and Migration Migration and the Genes

No Undocumented Child Left Behind Michael A. Olivas, 2012 Explores the issue of the education of undocumented school children examining both financial and legal topics

Human Rights as Political Imaginary José Julián López, 2018-04-13 In this book López proposes the political imaginary model as a tool to better understand what human rights are in practice and what they might or might not be able to achieve Human rights are conceptualised as assemblages of relatively stable but not unchanging historically situated and socially embedded practices Drawing on an emerging iconoclastic historiography of human rights the author provides a sympathetic yet critical overview of the field of the sociology of human rights The book addresses debates regarding sociology's relationships to human rights the strengths and limits of the notion of practice human rights affinity to postnational citizenship and cosmopolitanism and human rights curious yet fateful entanglement with the law *Human Rights as Political Imaginary* will be of interest to students and scholars across a range of disciplines including sociology politics international relations and criminology

Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Beyond Citizenship American Identity After Globalization Beyond Citizenship American Identity After Globalization : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Beyond Citizenship American Identity After Globalization Beyond Citizenship American Identity After Globalization : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
