

BEYOND THE Rhetorical PRESIDENCY

Edited by Martin J. Medhurst

Beyond The Rhetorical Presidency Presidential Rhetoric And Political Communication

Terry C. Jones

Beyond The Rhetorical Presidency Presidential Rhetoric And Political Communication:

Beyond the Rhetorical Presidency Martin J. Medhurst, 1996 With the administrations of Theodore Roosevelt and Woodrow Wilson the American presidency underwent many profound changes Chief among those was a radical evolution in the interaction of the president with the general public Divided into three sections the ten essays of this volume focus on that evolution and offer thought provoking analyses concerning the role of presidential rhetoric in passing policy generating support and promoting public discourse In Part I Jeffrey Tulis who introduced the concept of the rhetorical presidency more than a decade ago considers how the dilemmas he envisioned as part of that concept change just as the political arena changes Glen E Thurow reflects on private virtue and public duty as aspects of presidential character Bruce E Gronbeck argues that the electronic age has fundamentally changed the nature and impact of presidential rhetoric and indeed the presidency itself while Thomas W Benson contemplates whether politics is even possible in the environment of current computer mediated communications Part II turns from theoretical and metatheoretical explorations to practical criticism in a series of case studies Roderick P Hart and Kathleen Kendall evaluate the significance of a single telephone conversation about civil rights between Vice President Lyndon Johnson and Theodore Sorenson in June 1963 Using Richard Nixon s rhetoric as the example from which to draw general themes and issues Edwin Black considers the complex moral economy that supports presidential self invention G Thomas Goodnight uses the debate over Ronald Reagan s policy toward Central America to study rhetorical history contested memory and the uses of time in the service of power Robert L Ivie examines Graubard s critique of presidential war rhetoric in the context of the Persian Gulf action Karlyn Kohrs Campbell presents a framework for understanding the public views of the First Lady focusing on Hillary Rodham Clinton but drawing historical parallels Finally Part III of this volume offers a social scientific assessment of the theoretical and interpretive research on presidential rhetoric from one of the nation s leading scholars of the presidency George Edwards An introduction and afterword by series editor Martin J Medhurst seek to clarify the nature and status of the debate about the rhetorical presidency **Beyond the Rhetorical Presidency** offers scholars with an interest in speech communication and political science a volume that reexamines the place and significance of presidential rhetoric **The Oxford Handbook of Political**

Communication Kate Kenski, Kathleen Hall Jamieson, 2017-06-23 Since its development shaped by the turmoil of the World Wars and suspicion of new technologies such as film and radio political communication has become a hybrid field largely devoted to connecting the dots among political rhetoric politicians and leaders voters opinions and media exposure to better understand how any one aspect can affect the others In **The Oxford Handbook of Political Communication** Kate Kenski and Kathleen Hall Jamieson bring together leading scholars including founders of the field of political communication Elihu Katz Jay Blumler Doris Graber Max McCombs and Thomas Paterson to review the major findings about subjects ranging from the effects of political advertising and debates and understandings and misunderstandings of agenda setting framing and

cultivation to the changing contours of social media use in politics and the functions of the press in a democratic system The essays in this volume reveal that political communication is a hybrid field with complex ancestry permeable boundaries and interests that overlap with those of related fields such as political sociology public opinion rhetoric neuroscience and the new hybrid on the quad media psychology This comprehensive review of the political communication literature is an indispensable reference for scholars and students interested in the study of how why when and with what effect humans make sense of symbolic exchanges about sharing and shared power The sixty two chapters in The Oxford Handbook of Political Communication contain an overview of past scholarship while providing critical reflection of its relevance in a changing media landscape and offering agendas for future research and innovation

The Rhetorical Presidency of George H. W. Bush Martin J. Medhurst, 2006-02-15 For George H W Bush the distinction between campaigning politics and governing principles was crucial Once in office he abandoned his campaign mode and with it the rhetorical strategies that brought electoral success Not recognizing the crucial importance of rhetoric to policy formation and implementation Bush forfeited the resources of the bully pulpit and paid the price of electoral defeat In this first ever analysis of Bush s rhetoric to draw on the archives of the Bush Presidential Library scholars explore eight major events or topics associated with his presidency the first Gulf War the fall of the Berlin wall the New World Order Bush s education presidency his environmental stance the vision thing and the influence of the Religious Right The volume concludes with a cogent of the 1992 re election campaign and Bush s last gasp use of economic rhetoric Drawing on the resources of the Bush Presidential Library and interviews with many of Bush s White House aides the scholars included in this tightly organized volume ask How well did President Bush and his administration respond to events issues and situations In the process they also suggest how a more perceptive embrace of the art of rhetoric might have allowed them to respond more successfully The Rhetorical Presidency of George H W Bush breaks important ground for our understanding of the forty first president s time in office and the reasons it ended so quickly

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

The International Encyclopedia of Political Communication, 3 Volume Set Gianpietro Mazzoleni, Kevin G. Barnhurst, Ken'ichi Ikeda, Rousiley C. M. Maia, Hartmut Wessler, 2015-12-14 The International Encyclopedia of Political Communication is the definitive single source reference work on the subject with state of the art and in depth scholarly reflection on the key issues within political communication from leading international experts It is available both online and in print Explores pertinent salient topics within political science sociology psychology communication and many other disciplines Theory empirical research and academic as well as professional debate are widely covered in this truly international and comparative work Provides clear definitions and explanations which are both cross national and cross disciplinary by nature Offers an unprecedented level of authority

accuracy and balance with contributions from leading international experts in their associated fields Part of The Wiley Blackwell ICA International Encyclopedias of Communication series published in conjunction with the International Communication Association Online version available at Wiley Online Library www.wileyicaencyclopedia.com Named Outstanding Academic Title of 2016 by Choice Magazine a publication of the American Library Association Rhetoric Across Borders Anne Teresa Demo, 2015-07-15 Rhetoric Across Borders features a select representation of 27 essays and excerpts from the In Conversation panels at the Rhetoric Society of America's 2014 conference on Border Rhetorics

Prime Ministers and Rhetorical Governance D. Grube, 2015-12-04 Prime Ministers in Westminster style democracies are forever talking to and communicating with the electorate This ground breaking book explores and analyses the uses of political rhetoric by Prime Ministers to explore patterns of communication and shows that the manner in which they talk to the electorate is central to day to day governance **Before the Rhetorical Presidency** Martin J. Medhurst, 2008-11-05 Since its identification in 1981 the rhetorical presidency has drawn both defenders and critics Chief among those critical of the practice is political theorist Jeffrey K Tulis whose 1987 book *The Rhetorical Presidency* helped popularize the construct and set forth a sustained analysis of the baleful effects that have allegedly accompanied the shift from a constitutional presidency to a rhetorical one Tulis locates this shift in the presidencies of Theodore Roosevelt and Woodrow Wilson arguing that the rhetorical presidency is a twentieth century phenomenon Yet not all scholars agree with this assessment *Before the Rhetorical Presidency* is an attempt to investigate how U S presidents in the nineteenth century communicated with their publics both congressional and popular In part 1 Martin J Medhurst Mel Laracey Jeffrey K Tulis and Stephen E Lucas set forth differing perspectives on how the rhetorical presidency ought to be understood and evaluated In part 2 eleven scholars of nineteenth century presidential rhetoric investigate the presidencies of Martin Van Buren John Tyler James K Polk Franklin Pierce James Buchanan Andrew Johnson Ulysses S Grant Rutherford B Hayes Benjamin Harrison Grover Cleveland and William McKinley As the first volume ever to focus on nineteenth century presidents from a rhetorical perspective *Before the Rhetorical Presidency* examines administrations policies and events that have never before been subjected to rhetorical analysis The sometimes startling outcomes of these investigations reveal the need for continuing debate over the nature practices and effects of the rhetorical presidency In a brief afterword Medhurst raises eight challenges to the original formulation of the rhetorical presidency and in so doing sets forth an agenda for future studies *The Prospect of Presidential Rhetoric* James Arnt Aune, Martin J. Medhurst, 2008 Culminating a decade of conferences that have explored presidential speech *The Prospect of Presidential Rhetoric* assesses progress and suggests directions for both the practice of presidential speech and its study In Part One following an analytic review of the field by Martin Medhurst contributors address the state of the art in their own areas of expertise Roderick P Hart then summarizes their work in the course of his rebuttal of an argument made by political scientist George Edwards that presidential rhetoric lacks political impact Part Two

of the volume consists of the forward looking reports of six task forces comprising more than forty scholars charged with outlining the likely future course of presidential rhetoric as well as the major questions scholars should ask about it and the tools at their disposal The Prospect of Presidential Rhetoric will serve as a pivotal work for students and scholars of public discourse and the presidency who seek to understand the shifting landscape of American political leadership

The SAGE Handbook of Political Communication Holli A Semetko, Margaret Scammell, 2012-05-17 This authoritative and comprehensive survey of political communication draws together a team of the world's leading scholars to provide a state of the art review that sets the agenda for future study It is divided into five sections Part One explores the macro level influences on political communication such as the media industry new media technology and political systems Part Two takes a grassroots perspective of the influences of social networks real and online on political communication Part Three discusses methodological advances in political communication research Part Four focuses on power and how it is conceptualized in political communication Part Five provides an international regional and comparative understanding of political communication in its various contexts The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics media and communication sociology and research methods

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Beyond The Rhetorical Presidency Presidential Rhetoric And Political Communication**
