Sex, Lies, and Denial in Black America

KEITH BOYKIN

Foreword by E. Lynn Harris

Beyond The Down Low Sex Lies And Denial In Black America

Joseph F. Healey, Andi Stepnick

Beyond The Down Low Sex Lies And Denial In Black America:

Beyond the Down Low Keith Boykin, 2005-01 One of the nation's leading commentators on race and homosexuality takes on the phenomenon of sex on the down low in the black community the covert practice of gay sex by married black men who are in denial about their sexual proclivities

Beyond the Down Low Keith Boykin, 2006-01-03 Keith Boykin a former Clinton White House aide syndicated columnist and AIDS activist breaks new ground by going beyond the hype with the first responsible eye opening look at the down low sensation Unlike all previous accounts on the topic *Beyond the Down Low* refreshingly presents the DL not merely as a problem of gay and bisexual men living in the shadows and endangering women but more broadly as a telling example of the African American community's overall failure to engage in critical but uncomfortable conversations about sexuality Boykin details how the virtual silence from black leaders on sex matters has helped to create an environment where gay and bisexual men feel compelled to lead double lives Meanwhile the dialogue that has occurred both inside and out of African American circles encourages an unhealthy battle of the sexes ignores the complexities of the closet demonizes homosexuality and bisexuality disempowers women from personal responsibility to protect themselves from STDs and misdirects public resources and attention at vilifying down low men [Sexual Citizenship and Social Change](#)

Darren Langdridge, 2024-03-08 Theoretically and empirically grounded this book draws on ideas and findings from psychology sociology politics and philosophy and offers a radical challenge to the unfettered adoption of a critical approach in sexualities scholarship and activism It highlights why we need to shine a critical lens on critique itself while also anchoring it in a more constructive relationship with its natural opposite tradition [Free at Last?](#)

Juan Battle, 2017-07-05 As this volume indicates the issues facing black America are diverse and the tools needed to understand these phenomena cross disciplinary boundaries In this anthology the authors address a wide range of topics including race gender class sexual orientation globalism migration health politics culture and urban issues from a diversity of disciplinary perspectives

Sexualities in Context Rebecca Plante, 2014-11-13 Written in an accessible and clear manner *Sexualities in Context* presents focused overviews and explorations of some of the most timely issues in the social construction of sex This brief text is the only book of its kind to address sexualities from a social perspective Plante's analysis of the context of sexuality sexual behaviors and identities is both intelligent and readable With contemporary topics such as hooking up sexual fantasies and bisexualities along with examples of how to apply critical thinking students are empowered to think outside their comfort zones and encouraged to explore the topic of sex in a new context

The Sexuality of Migration Lionel Cantu, 2009-02 Winner of the 2010 Distinguished Book Award from the American Sociological Association Sociology of Sexualities Section Winner of the 2010 Distinguished Book Award in Latino Studies Honorable Mention from the Latin American Studies Association *The Sexuality of Migration* provides an innovative study of the experiences of Mexican men who have same sex with men and who have migrated to the United States Until recently immigration scholars have left out

the experiences of gays and lesbians In fact the topic of sexuality has only recently been addressed in the literature on immigration The Sexuality of Migration makes significant connections among sexuality state institutions and global economic relations Cant situates his analysis within the history of Mexican immigration and offers a broad understanding of diverse migratory experiences ranging from recent gay asylum seekers to an assessment of gay tourism in Mexico Cant uses a variety of methods including archival research interviews and ethnographic research to explore the range of experiences of Mexican men who have sex with men and the political economy of sexuality and immigration His primary research site is the greater Los Angeles area where he interviewed many immigrant men and participated in organizations and community activities alongside his informants Sure to fill gaps in the field The Sexuality of Migration simultaneously complicates a fixed notion of sexual identity and explores the complex factors that influence immigration and migration experiences
