International Solidarity in the Low Countries during the Twentieth Century Kim Christiaens, John Nieuwenhuys, Charel Roemer, 2020-10-12 During the 20th century a variety of social movements and civil society groups stepped into the arena of international politics This volume collects innovative research on international solidarity movements in Belgium and the Netherlands and places these movements prominently in debates about the history of globalization transnational activism and international politics Voor het volk om Christus' wil Piet Hazenbosch, 2009 Christian Trade Unionism in Europe Since 1968 Patrick Pasture, 1994 Table of Contents List of abbreviations List of illustrations List of tables Introduction 1 1 Christian trade unionism country summaries 5 1 1 Secularisation and the preservation of Christian trade unionism in France 5 1 2 The partial depillarization in the Netherlands 20 1 3 A powerful movement in Belgium 38 1 4 Luxembourg between unity and individuality 50 1 5 Switzerland internal tension in a federal country 54 1 6 West Germany on the edge of the DGB 58 1 7 Austria a Christian faction in the unified trade union 63 1 8 Christian trade unionism in Italy nothing is what it seems 69 1 9 Christian trade unionism in Eastern Europe 75 2 The international christian trade union movement 85 2 1 From IFCTU to WCL a revolution 85 2 2 Towards trade union unification at European level 96 2 3 Crisis in the WCL 109 2 4 Christian trade unionism in Europe after the foundation of the ETUC 121 3 Christian identity and international trade action 137 3 1 The international Christian metalworkers the struggle for an efficient representation of interests 138 3 2 The opportunities of the international trade federation for office workers 150 General conclusion 158 Appendix Declaration of principles of the World Confederation of Labour Adopted by the 16th Congress at Luxembourg 1st 4th October 1968 165 References 175 **'Laat uw doel hervorming zijn!'** Paul E. Werkman, 2007 *Van tuindersknecht tot onderkoning: De jaren 1911-1947* J. de Bruijn, 2001 **Religion und Zivilgesellschaft** Peter van Dam, **Katholieke arbeidersbeweging** Jan Roes, 1985 *Religion, Class, and the Postwar Development of the Dutch Welfare State* Dennie Oude Nijhuis, 2025-10-01 This book examines how the Netherlands managed to create and maintain one of the world's most generous and inclusive welfare systems despite having been dominated by Christian democratic or conservative rather than socialist dominated governments for most of the post war period It emphasizes that such systems have strong consequences for the distribution of income and risk among different segments of society and argues that they could consequently only emerge in countries where middle class groups were unable to utilize their key electoral and strong labor market position to mobilize against the adverse consequences of redistribution for them By illustrating their key role in the coming about of solidaristic welfare reform in the Netherlands the book also offers a novel view of the roles of Christian democracy and the labor union movement in the development of modern welfare states By highlighting how welfare reform contributed to the employment miracle of the 1990s the book sheds new light on how countries are able to combine high levels of welfare generosity and solidarity with successful macro economic performance *Handbook of Dutch Church History* Herman J.

Selderhuis, 2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration These texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments

Labor Divided in the Postwar European Welfare State Dennie Oude Nijhuis, 2013-06-24 This book explains how the success of attempts to expand the boundaries of the postwar welfare state in the Netherlands and the United Kingdom depended on organized labor's willingness to support redistribution of risk and income among different groups of workers By illuminating and explaining differences within and between labor union movements it traces the historical origins of inclusive and dual welfare systems In doing so the book shows that labor unions can either have a profoundly conservative impact on the welfare state or act as an impelling force for progressive welfare reform Based on an extensive range of archive material this book explores the institutional foundations of social solidarity
